# SCOUT DISTRICT COUNCIL MEETS TO DISCUSS WORK

Appleton district council of the boy scouts will meet Thursday evening at the Post-Crescent offices to organize committees for various phases of scout work in the city. Boys interested in organizing a scout troop at St. Joseph church will meet Friday night with Scoutmaster E. J. Ladner and M. G. Clark, executive, to perfect plans for organization and then the leaders will meet at 7 o'clock Friday evening for instruction and others at 8 o'clock to play games and learn preliminary steps in scouting. A meeting of Troop 6 of St. Mary church was held Wednesday evening with the Rev. Father Binder in charge. Tenderfoot instruction was given the boys. Three of the older members of Troop 2 of the Congregational church assisted Father Binder in the work.

# HI-Y CLUB BOYS PICK CONFERENCE BOARDS

Members of the HI-Y club selected the committees they desired to work on during the twenty-fifth annual Wisconsin State Older boys conference at the regular club meeting Wednesday evening at the I. M. C. A. The conference will be held here on Nov. 25 and 26, and 15 committees of local boys will handle the work. The executive committee for the conference was to meet at 4 o'clock Thursday afternoon to appoint the committees from the choices of the boys. Ben J. Rohan, city superintendent of schools, is executive chairman of the conference. He was to meet with John W. Pugh, local boys' work secretary, and W. H. "Dad" Wones, Milwaukee, state boys' work secretary, Thursday to work on conference plans. Mr. Wones arrived here Thursday noon. A change in plans for the club Halloween party on Nov. 3 was made at the HI-Y meeting. Members decided to switch from a sag affair to a coed party.

# SELL 140 ACRE FARM TO SATISFY JUDGMENT

A 140-acre farm in the town of Bovina will be sold at public auction at 10 o'clock Friday morning at the courthouse by Sheriff Otto Zuehlke to satisfy a mortgage foreclosure judgment. Mrs. J. S. Weinfeld holds the mortgage and the owners are Theresa Sorinski, Mr. and Mrs. H. W. Uman, Mike and William J. Breitenbach, Theresa Streigel and Oddie Bergemann.

# CAR STOLEN IN COUNTY IS FOUND IN CLEVELAND

Word was received by Sheriff Otto Zuehlke Thursday morning from the chief of police at Cleveland, Ohio, that a Ford touring car stolen at Hortonville July 4, 1927, has been recovered in that city. The machine was stolen by John Marsden, 19, from the home of Walter Preisler, town of Dale farmer, where he was employed. Marsden also stole \$100 in cash when he disappeared. It is thought that the youth is somewhere in Pennsylvania where he has an aunt and authorities there have been asked to watch for him. The stolen car was traced to Wisconsin through the aid of notices sent out by Sheriff Otto Zuehlke. On Monday the stolen car and the youth who disappeared with it.

# JUDGE GRAASS TALKS AT LEGION BANQUET

## Green Bay Man Will Be Chief Speaker on Program for Armistice Day

Judge Henry Graass of Green Bay, will give the principal address at the Armistice day program of Oney Johnston post of the American legion, Friday evening, Nov. 11, at Elk hall, members of the program committee announced Thursday. The program will open with a banquet, at which George Dame will be toastmaster. Arrangements for the affair will be completed in another week. A feature of the program following the banquet will be an Armistice tribute staged by members of the post. The banquet committee for the affair consists of George Dame, chairman, George Buth and A. A. Arens. Members of the program committee are Erik L. Madsen, chairman, Lothar Graef and H. E. Hobbs. The program, besides being an observance of Armistice day, will celebrate the windup of the post's 1927 membership drive, which started Oct. 1. Last year the post was increased from 300 to 600 members, one of the largest memberships in the state, and an effort is being made to reach a 650 membership by Nov. 11. The program is for legion men only. Members of the executive committee of the post held a special luncheon meeting Wednesday noon at Hotel Northern to discuss the progress of the post harvest festival and frolic, this week at Armory G. After a brief discussion of Tuesday and Wednesday's programs plans were made for the remainder of the week.

# SPEEDER GOES TO JAIL; SAYS HE CAN'T PAY FINE

Judge Theodore Berg imposed fines of \$10 and costs on two men who pleaded guilty to charges of speeding when arraigned in municipal court Thursday morning. They were: Armin Knoke 327 Linwood ave, arrested at 5:15 Wednesday afternoon for traveling 36 miles per hour on W. College ave; Sam Gorwitz, Oshkosh, arrested for traveling 40 miles per hour on S. Cherry-st at 10:30 Wednesday morning. Herman Kuehl, 1508 W. Lawrence-st, arrested for traveling 34 miles per hour on W. College was sentenced to one day in the county jail when he declared he could not pay his fine. Joseph Levandowski, 715 N. Appleton-rd, Menasha, was arrested at 7:55 Wednesday night for traveling 32 miles per hour on S. Cherry-st. He was to appear in court Wednesday afternoon. All four arrests were made by Gus Hersekorn, motorcycle officer.

# CHURCH NIGHT SPEAKER PREACHED IN ENGLAND

The Rev. George M. Turner of South Dakota, one of the speakers on the first fall church night program of First Congregational church Friday evening, preached for several years in England before coming to this country to continue his work. Circle No. 7 of ladies of the church will serve the supper, which will be for church members. The supper will precede the talks. Mrs. H. S. Fuminger is president of the circle.

# ELKS HERE FROWN ON JUNIOR ORGANIZATION

Appleton Elks are not in favor of organizing a junior lodge, according to a vote taken Wednesday evening at the first regular meeting of the season. Opinion among the members was that other organizations for boys between the ages of 15 and 21 were not having the success that was expected by the sports crime organizations and that too many "bunches" diverted the minds of youth from the routine of the lodge room. A class of 12 card-players was initiated into the regular order Wednesday evening. Dinner preceded the meeting.

# 2 HOMECOMING DAYS ANNOUNCED BY MAYOR

## Issues Proclamation Asking Merchants and Residents to Welcome Visitors

Friday and Saturday were designated as "Homecoming Days" in a proclamation issued Thursday by Mayor Albert C. Rule. The proclamation follows: "Lawrence college has designated Oct. 28 and 29 as homecoming days. These are days when all graduates and students that have been affiliated with Lawrence college make a special effort to return and visit their Alma Mater. "In order to cooperate with the college in making this a success, and have the visitors carry away a kindly feeling for Appleton, I am asking the merchants and manufacturers and all citizens to do every thing possible to make these two days enjoyable for the visitors, and I am asking that all buildings display decorations suitable for the occasion. Signed, Albert C. Rule, mayor." The homecoming celebration at the college will officially commence Friday night with a frolic in Alexander gymnasium and will be concluded with a dance in the gymnasium Saturday evening.

# LIGHTING COMMITTEE WILL MEET THURSDAY

Members of the street lighting committee of the common council will hold a routine business meeting Thursday night at the city hall. Members of the committee are Alderman C. D. Thompson, Mike Steinhauer, George T. Richard, R. F. McGillan, W. H. Vander Heyden, and F. W. Wiese.

# EMANUEL CHURCH HOLDS QUARTERLY CONFERENCE

The quarterly conference at Emanuel Evangelical church will be held Thursday night at the church after a service at 7:30. The Rev. Philip Schneider presiding elder of the Appleton district will deliver the sermon. This will be preparatory to the Communion service Sunday.

# FATHER AGREES TO SEND HIS SON TO SCHOOL

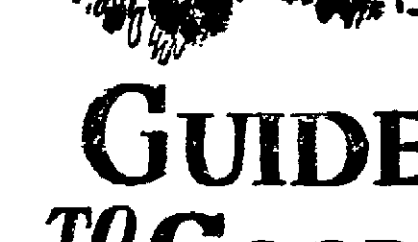

Louis Rankin, father of Willard Rankin, 16, was arraigned in municipal court before Judge Theodore Berg Thursday morning on a charge of a charge of failing to send his son to vocational school. Rankin was arrested on complaint of J. G. Pfeil, city tram officer, Mr. Rankin promised to see that his son was sent to school regularly and the case was dismissed. The case against Herman Dorn, whose daughter Sylvia, 17 also had failed to attend school regularly was dismissed when Mr. Dorn said his daughter had left home.

# MINNEAPOLIS SEEKING 1928 G. O. P. GATHERING

Minneapolis —(P)—Emphasizing its equipment with a new \$3,000,000 auditorium seating 12,000 persons, Minneapolis is taking steps to invite the Republican party to hold its next national convention here. National headquarters of the Lincoln clubs, a political group with units in virtually every large city, is leading in the movement. It is asserted that the northwest long has been eligible for the honor, but has been handicapped by lack of a city with adequate convention facilities and hotel accommodations. Minneapolis has expanded its hotels and St. Paul, its sister city, is prepared to handle any overflow.

# LAND O' LAKES BOARD MEETING HERE TODAY

Directors of the Wisconsin Land O' Lakes association met Thursday afternoon at the Conway hotel to organize a permanent financial program for the association. The program will be statewide in all respects and an attempt will be made to get more people to come to Wisconsin, directors said. A campaign for this purpose was to be planned at the meeting. A full attendance of directors, 11, was present at the session which opened after a dinner at noon and was to extend through most of the afternoon.

# Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2 1/2 ounces of Pinex from any drugstore. Pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly Pinex, penetrating through every air passage of the throat, loosens and breaks the membranes, and gradually but surely the annoying throat tickle and chronic cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable quality, known the world over for its healing effect on membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Purest Co., Ft. Wayne, Ind.

# CIVIC COUNCIL TALKS OVER DIRECTED SPORTS

A program for semi-directed winter sports is being planned by the Civic council and will be discussed at the regular meeting of the organization next month. Plans already advanced call for more skating rinks in the city and direction of activities. Plans for financing the proposition also will be discussed.

# APPLETON LIONS ATTEND FOND DU LAC PARTY

Twelve couples from Appleton and 15 from Oshkosh attended the dinner-dance given by the Fond du Lac Lions club Tuesday evening at the Moose temple in that city. Miss E. Rothskelly of Racine was the dinner speaker, discussing Americanization. The dinner-dance was one of a series of social gatherings for Lions clubs of Appleton, Oshkosh and Fond du Lac the purpose being to get the club members better acquainted with each other.

# STUTTGART INDIGNANT AT REMOVAL OF STATUE

Berlin —(P)—Indignation has been caused in Stuttgart by the news that the Italian authorities in South Tyrol removed the Statue of Karl von Etzel, the famous Wurtemberger who built the railway across the Brenner Pass. This railway the main road connecting the Tyrol with Italy, was opened in 1867 and was then regarded as a triumph of engineering. A statue of the builder was erected on the highest point of the pass. Since the world war this has been Italian territory. Now premier Mussolini, it is announced, intends to replace the "foreign" statue by a monument commemorating the electrification of the railway, which was carried out later under Italian auspices.

# SELECT 3 BABIES AT LEGION FROLIC

## Three More Youngsters to Be Selected Today to Compete for Grand Prizes

The baby show in connection with the frolic and industrial display of the Oney Johnston post no. 38, American Legion, was started Wednesday afternoon, and three Appleton youngsters were selected to enter the final judging Saturday. The winners were Hamae, child of Mr. and Mrs. A. M. Reis, 500 W. Winnebago-st; James son of Mr. and Mrs. James Oliver, 946 E. Pacific-st; and Alice Jean, daughter of Mr. and Mrs. Clarence Smith, 611 N. Morrison-st.

The babies were judged Wednesday following unusually close competition in the opening round. The show will continue at the Armory Wednesday afternoon until Saturday afternoon, when the final judging will take place.

Other features of the show were continued at the Armory Wednesday night. "Bob" Neller's ventriloquist number was well received, as was the boxing act of "Dempsey Jr.", and "Tunney Jr.", by two boys who displayed considerable proficiency with the padded gloves.

One vaudeville act of considerable class was "Mexicana", presented by the Bannister School of Dancing, in which the following girls took part: Mary Plank, Margaret Zuehlke, Mary J. Doherty, Helen Gabriel, Margaret Plank, Esther Mae Kranshold, and Dolores Tustson.

The affair will be closed in a frolic of color Saturday evening. The frolic is being staged by the Legionnaires for the purpose of raising a fund which, it is hoped, will make possible the erection of a new club house for the veterans.

# STREPTOCOCCIC SORE THROAT EPIDEMIC IN CITY UNDER CONTROL

Warm weather of the past few days has abruptly halted an embryo epidemic of streptococcal sore throat, according to Theodore Sanders, deputy city health officer. The warm weather also has helped to keep school children in excellent health, he said.

At the present time there are only a few cases of streptococcal sore throat in the city, although last week there were about 10 cases. The sickness is recognized by an intense inflammation of the throat and possible swelling of throat glands. It is infectious and unless cared for promptly is as deadly as diphtheria or scarlet fever. However, no deaths from such a cause have been reported to Mr. Sanders.

Irving Zuelke of the Irving Zuelke Music company has returned from a convention of Victor dealers in Wisconsin which was held in Milwaukee the first part of this week.

# Food Grows Hair on Bald Heads

Chicago—Scientists have found that baldness is brought on by the lack of necessary food elements that the human hair requires. "Food found in Mother Earth grows, nourish and retain our hair", says P. A. Thomas, Ph. D., well known hair specialist, 382 America-Fore Bldg., Chicago. He further states that the hair roots always stay alive and that in 35 out of 100 cases where hair is falling out or baldness has set in, a growth of new hair can be had in a short time by following his simple directions. He will gladly explain his method without cost to those interested in restoring or saving their hair. Write him today.

NEWS OF NEENAH AND MENASHA

SOCIETY

HOME TALENT PLAY IS GIVEN AT NEENAH 250 Twin City People in Cast of Frolic Sponsored by St. Agnes Guild

Neenah — A large audience witnessed the first performance Wednesday evening at St. Agnes theatre of the musical frolic "Smiles" given by a cast of 250 Twin City people under auspices of St. Agnes Guild of St. Thomas Episcopal church.

The theatre, stage and lobby were decorated with evergreen boughs, and chrysanthemums, set off at intervals with colored floor lamps, candelabrum and many colored Japanese lanterns.

The stage setting was that of a garden scene, one of the most elaborate ever seen upon the Neenah stage. In this act, Harry Price was the host, with musical numbers by Mrs. Worth Rushey and chorus; Mrs. Price and chorus; Mrs. Ted Elliott; Miss Marjorie Ellingbo and Hawaiian chorus; Miss Vesper Chamberlain and chorus; Miss Jane Strangier; Miss Dorothy Simpson and chorus of French dolls; Mrs. Ted Elliott; G. W. Colpp and chorus; Bryan Sorey; Ambrose Owen and Gilbert Hall. The finale with the musical number play closed with a grand patriotic "Nephews of Uncle Sam," assisted by a group of Red Cross nurses. Uncle Sam's future Red Cross nurses and "The Star Spangled Banner" by the entire company and audience.

Part three was composed of specialty number and choruses with song numbers and a sketch entitled "Fun at the Movies." During the sketch choruses numbers were introduced by the new punchers, Salvation Army lasses, Salvation Army band, newboys and bootblacks, school girls, suffragettes. Another sketch "That You May See Yourself as Others See You" introduced a mock wedding in which George Hall and Mrs. Raymond Peters were the principals. This act contained the dancing bridegrooms and brides, dance of the bride and groom and the fox trot wedding. The next scene was in Old Japan during which song numbers were given by Miss Edna Robertson, Mrs. F. A. Dexter and Mrs. Bushey. The final scene was the American Beauty Rosebud act during which a series of posing models lent color to the performance.

The production was staged by George M. Hall, who has been here for the last three weeks whipping the frolic into shape. It will be given again Thursday evening. The orchestra was under direction of Prof. E. H. Jøbe of Appleton, assisted at the organ by Harry Voss.

PLAYERS MUST WIN TWO GAMES TO GET LETTERS

Neenah — Much improvement is shown in the work of the high school football team since its shakeup by Coach Ole Jorgenson following the game last Saturday when Kaukauna defeated Jorgenson's men by a score of 11 to 0. The warning given Monday by the coach that he would refuse to give out the letters at the end of the season unless his team wins two of the three games left on the schedule has taken effect and by Saturday the team will be "in the pink" to play the Shawano team at Shawano. Several changes have been made during the week's practice which will be of benefit to the lineup and will help greatly in perfecting new plays. A bus has been engaged to take the team to Shawano for the game and the players will return home immediately after the game has been played.

MISSION MEETING WILL START THURSDAY NIGHT

Neenah — A four day special mission meeting starting at 7:30 Thursday evening at Our Savior Danish Lutheran church will be conducted by the Rev. L. Gersten and the Rev. A. T. Schultz. Services will be preached in English and Danish, with special sermons each evening. The missions will close Sunday with services starting at 9 o'clock in the morning and continue until 8:15 in the evening. During the morning services the pastors will talk for the children on Sunday school work.

BEARS PLAY SHAWANO

Neenah — Twin City Bears football team play at Shawano Sunday afternoon. The Bears have won all their games so far this season.

RECORD ATTENDANCE AT ST. MARY BAZAAR

Menasha — The attendance at the annual bazaar of the ladies of St. Mary church Wednesday at St. Mary school hall broke records. More than 900 persons were fed at the cafeteria supper and this was only a small part of the total attendance during the afternoon and evening. The supper was served from 3:30 in the afternoon until late in the evening.

Card playing was dispensed with on the second day of the bazaar, Wednesday, and the ladies gave practically all their spare time to disposal of articles offered for sale. The display of needlework was more attractive than ever and the various articles moved like hot cakes. The indications are that nothing will be left by the time the sale closes Thursday night.

The closing day is children's day. Cards will be played in afternoon and evening and on Thursday evening playing will commence promptly at 7:30 owing to the disposal of prizes later in the evening.

are young men of Appleton, Neenah, Menasha and Oshkosh, who will begin work as soon as the student ship arrives from the Chicago factory. THIEF 'BUYS' LOOT WITH  
WORTHLESS CURRENCY

Berlin —(P)—To get rid of his inflation currency which is now valueless, a Berlin man has hit on an odd idea.

Dressed as an artisan and carrying a bag of tools, he calls upon householders as an inspector of the heating apparatus, and takes the opportunity to steal whatever he can lay hands on. Then he sends the victim a police letter, enclosing the value of the stolen articles in obsolete banknotes, stating that he is very sorry, he is no common thief, but since he cannot change his banknotes by any other method this seems the only way to get rid of them.

INSTALL RADIO "BEACON"  
ON COAST OF ENGLAND

London—(P)—The first of a series of radio "beacons" to be installed at various points round the English coast to enable ships equipped with direction-finding apparatus to take their bearings, has been brought into use in the Solly Islands. The call sign, "GGG," is repeated continuously in fair weather at the rate of 13 words per minute for 47 seconds, followed by three minutes silence, and the whole operation taking exactly 60 seconds. This transmission is followed by three minutes silence and is repeated three times, covering a total period of nine minutes each half hour. In foggy weather the signal consists of the one minute's transmission and three minutes silence repeated continuously.

The whole apparatus is automatic. The range of the "beacon" for accurate bearings to a ship using a normal Marconi direction-finder is approximately 70 to 100 miles.

DOGS ARE VACCINATED  
TO PREVENT DISTEMPER

Paris—(P)—Distemper, which causes such ravages among young dogs, will soon be nothing but a bad memory, claims Doctor Lebailly, Chief of the Caen Bacteriological Laboratory.

Dogs vaccinated by the doctor become totally immune in six days, he says. The virus acts very much like that which causes epidemics of grippe among human beings.

Unable to get it from cultures, Dr. Lebailly has obtained the virus from the spleen of dogs in the acute of the disease, and has injected it under the skin of the dogs submitted for treatment. One dose has proved sufficient to confer immunity. The only point which still remains to be cleared up is whether the virus varies according to environment. To determine this, Dr. Lebailly is collecting samples from different parts of the region for testing.

FINDS BROTHER IN STORE

Walking into a Cincinnati (O) hardware store to buy some curtain rods, Mrs. Nellie Cater of Los Angeles met her brother she had not seen for 44 years. The brother, William Dunnett, proprietor of the store, saw something familiar in the woman's face and the two compared notes. He had left his home in Wilmington, Ill., when he was 25 and his sister six.

CRANE IN BERLIN ZOO  
HAS LEG OF ALUMINUM

Berlin—(P)—A crane with an artificial leg is an oddity in the Zoological Gardens of Leipzig.

One bitterly cold day last winter the crane escaped. When picked up after a long chase, it was found that

both its legs were frozen. Soon after, one leg snapped clean off. The crane was taken to the bird's hospital and the stump healed quickly.

Then someone got the notion to try and fit the patient with an artificial leg, made of aluminum. This was done, and the crane uses its new leg with perfect ease.

Ancient Rip Van Winkle  
Didn't Wake For 70 Years

Manchester, England—(P)—A long distance sleeper worthy to rank with Rip Van Winkle and the Sleeping Beauty has been found in ancient lore by Dr. A. Mingana, keeper of manuscripts at John Rylands' library.

Ebedmelech, one time inhabitant of Egypt or western Palestine, slumbered for some 70 years, according to an ancient manuscript discovered by Dr. Mingana in Kurdistan. The document is in Garshuni, or Arabic, but is written in the Syriac script sometimes used to escape Moslem censorship.

Ebedmelech's nap, the story runs, was an indirect result of his intercession with King Zedekiah in behalf of the imprisoned prophet Jeremiah.

Zedekiah ordered the prophet cast into the dungeon "in the place where the cistern of mire was found," a dungeon so deep that it took the people three hours to walk to it underground in darkness.

Its sides were as thin as a glass bowl; no one was able to stand in that place except on the joint of his knees. It was full of mire and pitch which reached the armpits of a man.

Here Jeremiah remained for three weeks until Ebedmelech prevailed on the king to release him.

As a reward for his kindness, Ebedmelech was spared from the Israelite captivity by being sent into the country to fetch fresh fruits. On his way back he entered a cave for shelter and rest, and here he slept through 70 years.

"The earth gave him rest and the rock of the cave expanded over him and covered him like the roof of a house. The dew fortified him and the sun nurtured him and he did not hunger or thirst, and he was not affected by the cold of the winter nor the heat of the summer till the time

when Jerusalem was destroyed and then built afresh. All this happened to him by the great power of God, which protected him."

Like the amazement of Rip Van Winkle was his bewilderment of mind on awaking and entering the reconstructed Jerusalem, where he was reunited with Jeremiah.

BERLINERS SCORN FISH  
AS MEAT SUBSTITUTE

Berlin—(P)—Berliners refuse to eat fish.

Attempts started last year to familiarize them with sea food have failed. Some dozens of "popular price" fish restaurants were opened in the hope that the inhabitants of the German metropolis might take to fish more than they have done hitherto, and thus support the home fishing industry.

The hope has been in vain. One by one the new fish restaurants had to put up their shutters for lack of custom, or else revert to the usual pork chops and beer.

There are only two so-called fish restaurants left in all Berlin, and even they are "mixed." Nearly half of the customers order meat dishes.

"Berliners won't change their meat eating custom," a leading restaurant keeper said. "They think fish isn't real food."

Prussia will spend \$7,750,000 on harbor improvement in the next few years, and \$18,400,000 to subsidize the construction of dwellings.

WOMEN—FREE!

You BUY 2 Boxes of Kotex for 98c  
You GET One Full-Sized Box FREE

Thus you receive 3 boxes on  
payment of only 98c—Offer  
Limited—Act Promptly

Made to acquaint all women with the remarkable protective features of KOTEX—features found in no other sanitary accessory known

TO show women the remarkable difference and vastly greater protection of Kotex over any other sanitary accessory known, this unique offer is made . . . three regular 65c boxes of Kotex, a \$1.95 value, on payment of 98c.

Go today to any store in this city, or out of town, where Kotex is sold and take advantage of this opportunity. But do not delay. All dealers' stocks are limited. If you come late, you cannot be supplied.

The difference between Kotex and other sanitary pads

Kotex is utterly different from all other sanitary pads. There is no other "like" Kotex.

Kotex is the one and only sanitary pad filled with the super-absorbent Cellucotton wadding.

Thus Kotex has the amazing power of absorbing 16 times its own weight in moisture! Thus Kotex has 5 times the absorbency of the ordinary cotton-filled pad! Think what this means in protection.

Because of these exclusive features Kotex has changed the hygienic habits of the world. It has made sheerest frocks safe under the most trying hygienic handicap women know. Eight in ten better-class women of America have adopted Kotex—for health's sake and for peace-of-mind.

Discards like tissue—No disposal problem  
One uses Kotex, then discards it—as easily as tissue. Thus no laundry. No problem of disposal. Think, too, what this means.

Deodorizes while it acts  
Another factor is that KOTEX is scientifically permeated—under a process applied to no other sanitary pad—with a highly effective deodorant.

That means that Kotex deodorizes thoroughly and absolutely as it acts. Which banishes another old-time fear of women.

More than a "sanitary pad"—True Scientific Protection

Kotex comes as the result of years of scientific experiment.

It is made under hospital standards of sanitation and safety.

It embodies scientific protection that is sure and positive . . . features unknown to any other sanitary accessory in the world today.

IMPORTANT!

Why gamble with substitutes hospitals have tried and rejected?

More than 75% of all recognized hospitals in America use Cellucotton absorbent wadding in their surgical departments—the same material that is used exclusively as a filler in Kotex pads.

Many hospitals have tried substitutes for Cellucotton wadding, but have returned to the exclusive use of this marvelous absorbent, which towers above all low-quality absorbents.

Good hospitals and reputable surgeons take no chances with their patients. Why then should you allow any merchant to substitute a pad made of inferior material when you wish the only original Kotex?

In spite of cheaper substitutes, hospitals have purchased at regular prices 1,441,152 Kotex pads this year for their patients. Doctors insist on Kotex for patients. Will you accept less?

"inset." One Sunday magazine went far as to hire an expert cabinet-maker to write a dissertation on secret compartments in furniture.

The Benson case from the outset had proved a trying the difficult one from the police standpoint. Within an hour of the time that Vance and I had left the scene of the crime a systematic investigation had been launched by the men of the homicide bureau in charge of Sergeant Heath.

No weapon was found aside from Benson's own Smith and Wesson; and though all the window grilles were again inspected, they were found to be secure, indicating that the murder had either let himself in with a key, or else been admitted by Benson.

Heath, by the way, was unwilling to admit this latter possibility despite Mrs. Platz's positive assertion that no other person besides herself and Benson had a key.

Because of the absence of any definite clue, other than the handbag and the gloves, the only proceeding possible was the interrogating of Benson's friends and associates in the hope of uncovering some fact which would furnish a trail.

It was by this process also that Heath hoped to establish the identity of the owner of the hand-bag. A special effort was therefore made to ascertain where Benson had spent the evening, but though many of his acquaintances were questioned, and the cafes where he habitually dined were visited, no one could at once be found who had seen him that night, nor, as far as it was possible to learn had he mentioned to anyone his plans for the evening.

Furthermore, no general information of a helpful nature came to light immediately, although the police pushed their inquiry with the utmost thoroughness Benson apparently had no enemies he had not quarreled seriously with anyone, and his affairs were reported in their usual orderly shape.

Major Anthony Benson was natur-

ally the principal person looked to for information, because of his intimate knowledge of his brother's affairs; and it was in this connection that the district attorney's office did its chief functioning at the beginning of the case.

Markham had lunched with Major Benson the day the crime was discovered, and though the latter had shown a willingness to cooperate—even to the detriment of his brother's character—his suggestions were of little value. He explained to Markham that, though he knew most of his brother's associates, he could not name anyone who would have any reason for committing such a crime, or anyone who, in his opinion would be able to help in leading the police to the guilty person.

He admitted frankly, however that there was a side to his brother's life with which he was unacquainted, and regretted that he was unable to suggest any specific way of ascertaining the hidden facts. But he intimated that his brother's relations with women were of a somewhat unconventional nature, and he ventured the opinion that there was a bare possibility of a motive being found in that direction.

Pursuant of the new indefinite and unsatisfactory suggestion of Major Benson, Markham had immediately put to work two good men from the detective division assigned to the district attorney's office, with instructions to confine their investigations to Benson's women acquaintances so as not to appear in any way to be encroaching upon the activities of the central office men.

Also, as a result of Vance's apparent interest in the housekeeper at the time of the interrogation he had sort a manto look into the woman's antecedents and relationships.

"Even the famous Elwell case, which came several years later and bore certain points of similarity to the Benson case, created no greater sensation, despite the fact that Elwell was more widely known than Benson, and the persons involved were more prominent socially. Indeed, the Benson case was referred to several times in descriptions of the Elwell case; and one anti-administration paper regretted editorially that John F. X. Markham was no longer district attorney of New York."

### THIS HAS HAPPENED

A woman's gloves and handbag are found at the scene of Benson's murder. Upstairs, in his bedroom, are found Benson's false teeth and toupee. A policeman reports having seen a big gray automobile outside Benson's house at midnight. Mrs. Platz hesitates when Vance asks her whether Vance had had any visitors the evening of the crime, then says he had not.

### NOW BEGIN THE STORY CHAPTER VIII

Markham lapsed into gloomy silence and sat looking out of the window in troubled meditation until we reached Vance's house.

"I don't like the looks of things," he remarked, as we drew up to the curb. "I have a curious feeling about this case."

Vance regarded him a moment from the corner of his eye.

"See here," Markham, he said with unwonted seriousness; "haven't you any idea who shot Benson?"

"I wish I had. Crimes of wilful murder are not so easily solved. And this case strikes me as a particularly complex one."

"Fancy, now!" said Vance, as he stepped out of the machine. "And I thought it extraordinarily simple" (SATURDAY, JUNE 15; FORENOON)

You will remember the sensation caused by Alvin Benson's murder. It was one of those crimes that appeal irresistibly to the popular imagination. Mystery is the basis of all romance, and about the Benson case there hung an impenetrable aura of mystery. It was many days before any definite light was shed on the circumstances surrounding the shooting; but numerous false fires arose to beguile the public's imagination, and wild speculations were heard on all sides.

Alvin Benson, while not a romantic figure in any respect, had been well known; and his personality had been a colorful and spectacular one. He had been a member of New York's wealthy Bohemian social set—an avid sportsman, a rash gambler, and professional man about-town, and his life, led on the borderland of the demi-monde, had contained many high lights. His exploits in the night clubs and casinos had long supplied the subject matter for exaggerated stories and comments in the various local papers and magazines which batten on Broadway's scandal-mongers.

Benson and his brother, Anthony, had at the time of the former's sudden death, been running a brokerage office at 21 Wall street, under the name of Benson and Benson. Both were regarded by the other brokers of the street as shrewd business men, though perhaps a shade unethical when gauged by the constitution and by-laws of the New York Stock Exchange.

They were markedly contrasted as to temperament and taste, and saw little of each other outside the office. Alvin Benson devoted his entire leisure to pleasure-seeking and was a regular patron of the city's leading cafes, whereas Anthony Benson, who was the older and had served as a major in the late war, followed a sedate and conventional existence, spending most of his evenings at his clubs. Both, however, were popular in their respective circles, and between them they had built up a large clientele.

The gleam of the financial district had much to do with the manner in which the crime was handled by the newspapers. Moreover, the murder had been committed at a time when the metropolitan press was experiencing a temporary lull in sensationalism; and the story was spread over the front pages of the papers with a prodigality rarely encountered in such cases.

Excellent detectives throughout the country were interviewed by enterprising reporters. Histories of famous unsolved murder cases were revived; and clairvoyants and astrologers were engaged by the Sunday editors to solve the mystery by various metaphysical devices. Photographs and detailed diagrams were the daily accompaniments of these journalistic outpourings.

In all the news stories the gray Cadillac and the pearl-handled Smith and Wesson were featured. There were pictures of Cadillac cars, "touched up" and reconstructed to accord with Tadrolman McLaughlin's description, some of them even showing the fish-tackle protruding from the fount.

A photograph of Benson's center-table had been taken, with the secret drawer enlarged and reproduced in an

SAINT AND SINNER

By Anne Austin

That Friday evening, when Cherry was to have her first "dinner" with Bruce Patton, teacher of dancing by correspondence and new tenant of the small office in Bob's suite, Bob came home to dinner in the most cheerful mood he had worn for days. "Hello, Dame Lisa," Bob said, with a tender jest in his voice, as one of his hands tucked in a lock of brown hair that had strayed across her damp forehead. "Surprise! Guess what?"

"Klein likes your sketches of the new fur store?" Faith gloved.

"You're clairvoyant," Bob grinned at her, his hands resting fondly on her shoulders as he stood behind her watching her deft management of the thickening sauce. "Klein is delighted. I've got his 'go ahead,' and I thought it was only decent to celebrate to-night. I've got tickets for 'Naughty Nancy,' the musical comedy—direct from a year on Broadway," he quoted, with a chuckle.

"Oh, Bob!" Faith hastily set the thickening sauce into the warming oven. "I've promised to take care of Hope tonight, so Cherry can go out. Didn't she tell you? She's dressing now, I suppose."

"No, she didn't have the nerve to tell me, I imagine," Bob said grimly, tenderness wiped from his lips and eyes as if by a blight. "No need to ask who the man is. That damned prancing—"

"Yes, it's Bruce Patton," Faith said dully, the joy as dead in her heart as the moment which had produced it.

"Faith!" Joy thrilled from the dining room, where she was setting the table. "Are we going to have a spoon dessert or a fork dessert? And will we need the salad forks?"

"Salad forks and cake forks," Faith called out automatically. "Listen, Bob, I'm as sorry as I can be, but I had no idea you would plan a party for us for this evening. I'm awfully tired anyway—"

"Been slaving for Cherry all afternoon, I suppose," Bob cut in angrily. "You're always too tired when I want you to go somewhere with me. Damn it all, I want a wife who can sweatheart for an evening, once in a while—"

"Bob, that's not fair," Faith interrupted quietly, only the darkening flush on her cheeks betraying her anger and hurt.

Bob was striding angrily out of the kitchen, the set of his shoulders eloquently expressing outrage. "Cherry first, then Hope, then husband," he flung at her. "That's the way I rank with you. I hope you don't think I'm entirely fooled!"

"Nor I!" Faith astounded herself by flashing back at him. "You are not half so angry about my not being able to go with you as you are about Cherry's date with Bruce Patton. Why are you so jealous of everyone that Cherry goes with, Bob?" In spite of her anger her voice broke on a wild note of appeal.

Bob whirled to face her from the door. "Jealous?" he echoed scornfully. "But his very vehemence was like a merciless hand closing about her heart."

NEXT: Cherry champions Faith.

ODD ACCESSORIES FOR DESK BOX MORE INTERESTING THAN SETS

BY VALERIE VANCE

ROUGH is the leather writing portfolios imported from Italy and France and the 'omestic' ones covered with wallpaper and applied over it an old map, a flower, or Codely's Lady Book print and lined with marbled paper, of the familiar encyclopedia inside covers.

For large desks of the table type there are large photograph boxes, also of Italian inspiration, with gilt ornamentation, and perhaps a head of some Italian beauty like Beatrice Cenci applied on the top. The box itself pliques the interest and holds within loose photographs of the twenty-five dollar size, too big to place in the room and too precious to be soiled.

A convenience box may hold scissors, string, pins, mullage, eraser, and ruler but there are reproductions of a brass Directoire student light that have brass scissors to accompany them, and inexpensive trifles in the way of a cylindrical string box to hold a ball of it—decorative, amusing boxes.

Ink pots have real art merit especially those from Italy and the snappy black and white ones from Spain that may have in the set a pen tray and mullage pot also or Colonial silver and pewter ink pots.

Seldom are brass or metal desk sets pleasing. They smack too much of the commercial, have more pieces than most people care to use, and present a cluttered appearance on the desk.

Far more interesting is it to pick up odd accessories that give a desk more piquancy. From Germany, via the ten-cent store, one may buy a paper weight of a lighthouse in a crystal globe that when picked up suddenly sends out a snow storm beating about its tower, or a more expensive one may have a ship plowing through a storm in mid-ocean. Perhaps your paper weight may be a small elephant exquisitely modeled to please the eye and sufficiently heavy to weigh down things.

On my own desk is a salt dish from Jerusalem of colorful glazed pottery whose three compartments suggest an excellent place for paper clips. Its usefulness as well as the mystery with regard to the need for its three divisions pique other's interest as well as my own.

Other "weights," trifles may be a colorful quill pen, more decorative than useful, but fitted with a pen point so that it may be used; perhaps a calendar from Italy, exquisitely designed, a thing of rare beauty that makes a charming spot for the eye to fall upon; a desk light with an oval shade that makes it possible to fit up close to the wall; a perpetual calendar in a small brass frame; small silhouettes or framed family portraits.

Whatever your special accessories may be if they have been chosen with care for their usefulness and with consideration for their artistic merit they will make writing a more agreeable task and give the desk an individuality of its own when not in use.

THE TINYMITES

READ THE STORY, THEN COLOR THE PICTURE

"S EX, help me, help me!" Clowny cried. "This goat is almost by my side. I can't run on much longer 'cause my breath is coming fast. Throw sticks at him or make him stop. Supposing I would go kerflop?" The Times stood dumfounded as the goat went running past.

"I wish we had a rope," said one. "For then we'd have some real good fun. We'd lasso Mister Goat, I'll bet, and tie him to a tree." But rope was nowhere to be found. Then Scouty jumped up with a bound. Said he, "We must do something for poor Clowny. Follow me."

By this time Clowny grew tired out, so tired he couldn't even shout. The goat was coming nearer, and seemed mad as he could be. Poor Clowny's heart just thumped and thumped. Then, of a sudden up he jumped, and much to Mister Goat's surprise, he landed in a tree.

The other Tinites yelled. "Hurrah! Wee Clowny jumped and got away!" And then they jumped back out of sight. The goat was still nearby. "Don't let him see us," Scouty cried. "I have a plan that should be tried. If Clowny'll stay up in that tree, we'll save him by and by."

A hole was then made in the ground, and all the Tinites gathered round. "We'll cover this with limbs," said one. "So it cannot be seen. And then we'll all begin to play and Mister Goat will run this way. He'll run across this hole and fall, unless his eyesight's keen."

They covered up the hole real well, and then the bunch began to yell. The goat swung 'round and saw them. In a moment, on he came! Their plan worked real well, they thought. The goat was soon trapped in the ground. 'Twas then the Tinites found out the captured goat was tame.

(The Goat becomes a pet in the next story.)

ATHLETIC TYPE OF MAN TO REPLACE SHEIK IN MOVIELAND

BY DAN THOMAS

HOLLYWOOD, Calif.—It seems that athletic fields are becoming the training grounds for future screen stars.

Herold "Red" Grange started the procession of athletic heroes into Hollywood's movie studios. Then Charley Paddock came along. Both made two pictures and then faded from view. There was a reason for the fade-out of each—they were picked purely because of their box office names.

Movie producers have now changed their tactics. They're still combing the athletic ranks—but they are looking for men of cinema caliber, not just "names."

Two of these young fellows are now making good out on the Metro-Goldwyn-Mayer lot. They are Johnny Brown, former All-American halfback from the University of Alabama, and James Murray, athletic hero of a New York high school a few years back.

KEEPS AFTER IT

Murray was "accidentally" discovered by King Vidor while looking for work as an "extra." Vidor liked the youth's personality and gave him the leading male role opposite Eleanor Boardman in "The Crowd," a big special production. For a time Murray was terribly "green." The racket was new to him but he continued to show possibilities of becoming a fine actor.

That was why Vidor kept him despite the fact that he slowed down production at a tremendous cost. And Murray came through—so well in fact that the additional production cost was forgotten even by the business heads in the "executive" office.

More than a year later Murray featured in "In Old Kentucky," with a host of experienced players as his supporting cast.

Johnny Mack Brown was a little slower in getting started than Murray, but now that he has hit his stride he is stepping along just as fast. He was given a contract even before he had done a day's work. Then studio officials had to groom him for several months in "light" and unimportant roles. Finally he was cast as a cavalry officer in Jackie Coogan's "The Ruckus Call." He made good and was cast as Marion Duke's leading man.

WILL GREAT GARBO

Now Johnny is playing with Greta Garbo, which is the same as saying he is a success because the fair Greta is very particular about her leading men.

The success of Brown and Murray is quite apt to introduce a new type of leading man into screen land. The athletic will replace the sheik.

BREAKFAST—Baked pears, cereal, cream, baked meat balls, celery hearts, oven toast, milk, coffee.

LUNCHEON—Tomatoes stuffed with oysters, whole wheat rolls, baked apple dumplings with cream, grape juice.

DINNER—Broiled veal cutlets, baked squash, steamed spinach, melon and cream cheese salad, fresh fruit, charlotte, apple sauce cake, milk, coffee.

The recipe for apple sauce cake is not new but is so good and so economical that it seems worth using. No eggs are required and with biddy-hen somewhat loathe to do her duty, eggs are quite an item if one must count the cost.

APPLE SAUCE CAKE

One cup sugar, 1/2 cup butter and lard mixed, 1-1/2 cups apple sauce, 2 cups raisins, 3 cups flour, 3 teaspoons soda, 1 cup chopped nut meats, 4 tablespoons shredded citron, 1 teaspoon vanilla, 1 teaspoon lemon juice, 1 teaspoon strong cold coffee, 1 teaspoon cinnamon, 1-1/2 teaspoon cloves, 1-1/2 teaspoon allspice, 1-2 teaspoon nutmeg, 1-2 teaspoon salt.

The apple sauce is used sweetened as for the table. Cream shortening and sugar. Stir in apple sauce. Sift one cup flour over raisins, citron and nuts and stir with a fork until blended. Stir into first mixture. Mix and sift salt and soda with remaining flour. Add spices and sift again. Sift into first mixture and stir well. Add vanilla, lemon juice and coffee and stir until perfectly smooth. Turn into an oiled and floured loaf cake pan and bake one hour in a slow oven.

The cake can be kept several weeks, stored in a tin box and is better the second day after baking than when perfectly fresh.

WOMEN ENTITLED TO ADVENTURE

BY OLIVE ROBERTS BARTON

ONE time a man, long since dead, grew eloquent in my hearing about women having the right to vote, or rather not having it, for he was a rabid anti-feminist.

He was really terrible about it. He would shout until the hills echoed about woman's place being in the home. And when his wife took her course in her hands one day and declared stoutly that she hoped she had some ambition higher than her kitchen, he would the remainder of the story be better left untold.

It was long ago, and such Anthony oratory is no longer the fashion. The question of suffrage is settled.

But the kitchen? That everlasting kitchen has belted up again. Ruth Elder, a married woman, preferred publicly under her maiden name because she was afraid she would be ostracized for leaving her home to fly across the ocean.

"There is so much talk about women not stirring to their home," he exclaimed, "it might be better for the people to regard me as a simple."

The wild old man, it is said, was not the first to say this. Not the first to say this. Not the first to say this.

FIFTY COUPLES  
ATTEND MOOSE  
DANCING PARTY

About 50 couples attended the Halloween dancing party given by the men of Mooseheart legion Wednesday night in Moose temple for members and friends and for members of Loyalty Order of Moose and their friends. Among the novelty dances were circular two steps, quadrills and waltzes. Hats, noise-makers and confetti were given the dancers. Mrs. R. Willardson was chairman of the social committee which had charge of the party.

Plans for the Halloween party to be held about Nov. 24 were discussed at a short business meeting of the women before the party. Ladies whose birthdays occur in September, October and November will be hostesses at the party. About 25 members attended the meeting. A shower for the bazaar which will be held Nov. 27 was held in connection with the meeting.

TWO DELEGATES GO  
TO CONVENTION

Two delegates will represent the Appleton chapter of the American Association of University Women at the annual convention of the Wisconsin Federation Friday and Saturday at Sheboygan. They are Mrs. James Wood and Mrs. Fred Poppe.

Elaborate plans for the entertainment of delegates at the convention have been made by the Sheboygan branch and by the Appleton chapter. Members of the local chapter will probably attend the convention.

151 CARED FOR AT HOSPITAL IN CITY

Statement of Secretary Shows Progress Made Since Organization

Special to Post-Crescent  
New London—One hundred and fifty-one patients have been cared for during the nine months since the New London Community hospital first opened its doors on Jan. 15, 1927. This is the statement made by the secretary-treasurer of the hospital board, E. E. Lowell, in a recent appearance at the annual meeting of the board held at the city hall. A further statement showed that over \$3,000 worth of equipment has been added and paid for during that time, in addition to wages and current expenses which were also paid for out of the earnings of the hospital. A balance of \$200 is left.

At the meeting of the board, officials of the hospital thanked the doctors for their cooperation, the hospital auxiliary and the various citizens of the city who have contributed in various ways.

Having given the hospital the initial tryout the general feeling of those connected with it is that it is proving itself a success and of great benefit to the community. At the hospital a new oil burner is being installed in the furnace which adds much to the general conveniences and comfort of the hospital.

NEW LONDON GRID TEAM SET FOR CLINTONVILLE

Special to Post-Crescent  
New London—Hard practice is the rule this week with the Red and White warriors of the high school, who are putting in some strenuous hours of work on the gridiron, under the command of their coach, E. Bergland. The game will be played with Clintonville's form has changed for the better since the first encounter in which they lost to the New London team.

A plea has gone out for more cooperation from parents and business men. The boys so badly need the backing, it is stated. At the games there is but a smattering of nearly all people, pep being supplied by a few boys by the school band and scholars. Much praise has been given the appearance of New London's band and its talent. From the various schools of New London's size and rating the home band, it is said is the only one to be organized this year, with the exception of De Pere's.

WILLIAM MARKS DIES AT HOME OF DAUGHTER

Special to Post-Crescent  
New London—William Marks, 77, died at 6 o'clock Wednesday evening at the home of his daughter, Mrs. A. G. Griswold. He had been in ill health for about five years and had been confined to his bed the past two weeks. He was born in Germany Feb. 13, 1850, and came to this country when he was 21 years of age, settling at Ripon. About 35 years ago he moved to this community. He is survived by a son, Albert, and a daughter, Mrs. Griswold, both of this city. Funeral services will be conducted at 1:30 Sunday afternoon from the home, and at 2 o'clock from the Emanuel Lutheran church. Burial will be made in Floral Hill cemetery.

MRS. SAMUEL SHAW  
Funeral services for Mrs. Samuel Shaw, who died at 7 o'clock Tuesday evening after an illness of eight years, will be conducted by the Rev. Adolph Spiering at 1:30 Friday afternoon from the home, and at 2 o'clock from the Emanuel Lutheran church. Burial will be made in Floral Hill cemetery.

The following nephews will act as pallbearers: Harold Shaw, John and Alvin Trambauer, James and John Cottrell, and Leonard Gruetzmacher.

Martha Robe was born in Germany, March 10, 1850, and came to the United States two years later, the family settling in Oshkosh. She was married to Samuel Shaw on Sept. 4, 1902, at New London, and since then had made her home in this city. Survivors are the widow, and the children, Mrs. Clifford Hinmann of Mondovi, and the Misses Vivian and Sylvia Shaw of this city. Her mother, Mrs. Bertha Robe, three brothers and three sisters also survive.

HELP KIDNEYS BY DRINKING MORE WATER

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acids of grapes and lemon juice, combined with lithia, and is used by the thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation.

YOUR QUESTION AND ITS ANSWER

By J. A. PANNECK, D. C. Palmer Chiropractor

QUESTION—If I decide to take your adjustments for headaches how long will it take before I will notice improvement?

ANSWER—This depends entirely upon the severity of your case, the changes that have been produced because of the repeated attacks, the length of standing and patient's vitality.

QUESTION—How long will it take me to get well under your care if I decide to take adjustments for neuritis?

ANSWER—No one can tell exactly how long it will take a peach to ripen, nor can a chiropractor say with any degree of certainty how long it will take you to get well. The healing process like the growing of corn is an effort of nature and we cannot dictate to her how long she must take to effect a cure.

QUESTION—Why do some patients get well quickly?

ANSWER—Those who get well quickly are those whose vertebrae move easily. If the case is of long standing, or the muscles are extremely contracted, the vertebrae may be difficult to move; therefore, some patients require a longer time to get well.

Have You Acid Scalp?

Acid scalp is the cause of many scalp troubles. It is a condition that causes much to be stubbornly resistant to treatment, and to lack all lustre. Acid scalp.

From the hour you check this excessive acidity your hair will act and appear very different. It will advance early in one week that becomes for it will have lovely softness and all the skin all healthy, hair normal has. Lathering will neutralize the acid, and naturally dissolve every particle of dandruff scale. Your hair won't need anything else to keep it fresh, whole, and free from the least objectionable taint that is too often noticed in acidic hair.

Lathering will for only thirty seconds at any drug store, and as only a few drops on comb or towel will do the work, a bottle lasts for weeks.

# RADIO STATION TO BROADCAST DANCE PROGRAM SATURDAY

Lawrence Homecoming Program Will Start With Pep Meeting Friday

Radio broadcasting of the entire dance program Saturday evening at Alexander gymnasium, including the entertainment numbers and award of homecoming prizes at 11 o'clock, will be one of the new features of the 1927 Lawrence homecoming. The dance and the game Saturday will be broadcast by station WJBR at 227.1 meter wave length. This is about number 10 on the average radio dial. Irving Zuelke will have charge of the broadcasting.

A Halloween scheme will be carried out in the decorations for the dance. The Lyric Ramblers of Milwaukee will furnish the music.

The homecoming program will start with the pep meeting Friday afternoon in Lawrence Memorial chapel. Appleton Booster club, composed of Appleton grade school pupils whose chief objective is to instill pep at athletic contests, will cheer in a booy at the pep meeting and at the Lawrence-Beloit football game Saturday afternoon.

A second pep meeting will be held at the chapel Friday evening at 8 o'clock. The torchlight parade and bonfire on the campus with cheers, songs, and snake dances will conclude the program for the day. Because of the new feature that Freshman will march in a body, the line of march will be lengthened in order to take in a larger portion of the business section of Appleton.

Alumni registration will take place from 9 to 12 o'clock Saturday morning at Hamar house. A luncheon will be served to alumni at Biokah hall. The Lawrence-Beloit game will be played Saturday afternoon.

## REPORT NIGHT SCHOOL CLASSES OVERCROWDED

Night school classes have become so large this year that these classes, in evening, under the direction of Miss Barbara Massorotte are being held at her home at 1126 W. Packard-st. while show card writing and accounting classes are being held at the Y. M. C. A.

Several other courses might be taught at the school, according to E. P. Chandler, in charge of the night school work, but the institution does not have facilities to adequately and successfully carry on the work. The popularity of the school accounts for the overcrowded conditions. A complete report of attendance at each of the night school classes will be compiled next week according to Mr. Chandler.

### WEATHER CONDITIONS

A low pressure area of but moderate energy overlies the upper Mississippi valley region, with considerable cloudiness and fog over the northern lake region and with record temperatures for the season yesterday over southern Wisconsin, eastern Iowa and southeastern Minnesota. This "low" should pass this section this afternoon and tonight, with some cloudiness and moderate to mild temperatures and be followed by higher pressure with generally fair and cooler weather over Friday.

### MORE PLANES DOWN

Hilo, Hawaii—Hawaii has been the scene of another failure in aviation. The American Legion sponsored a fight between Coconut Island and the island of Hawaii a distance of 200 yards. School boys built their own machines for the contest and every one of the models was forced into the water before it got across.

## BE CAREFUL OF PROPERTY WITH "SPOOK" PRANKS

Warning was issued by George T. Prim, chief of police, Thursday morning to Appleton youths that all destruction of property under the guise of Halloween pranks or celebrations will be punishable by arrest. The chief declared that special officers will be on duty with orders to arrest all youths caught destroying property. "Soaping windows also is taboo," the chief said. "Any youths detected in this Halloween past time will be arrested."

There have been some pre-Halloween celebration and pranks, Chief Prim said, and he said offenders caught will be subject to arrest and punishment under city ordinances.

## STAGE And SCREEN

### MENJOU ENTERTAINS IN "GENTLEMAN OF PARIS"

Adolphe Menjou's picture "A Gentleman of Paris" which opened at Fischer's Appleton Theatre today is one of the most entertaining vehicles in which this popular star has ever been presented.

Menjou is cast as a gay young Parisian philanderer and much of the

comedy of the picture is built around the romantic entanglements from which he must escape in order to make his marriage possible.

The high note in drama is struck in a unique situation when Menjou discovers that a fan chaperon with whom he has been toying is the wife of his valet.

It is a powerful moment, carrying a threat of tragedy, but Menjou turns it into a laugh with a few deft, adroit strokes as a skillful painter reworks a canvas.

The laugh, as far as Menjou is concerned ends when the valet, not able to think what else to do in the circumstances, tenders his resignation. Menjou is thunderstruck. Joseph is the perfect valet. He cannot get along without him.

He finally insists that Joseph must give him at least eight days' notice, to which the latter assents. Their relations as master and servant go on about as before. Although a passion for revenge smoulders in Joseph's heart he controls himself as he passes the razor over his master's throat during the daily shave. He is still the perfect valet.

There is a reception for Menjou's prospective bride at which Menjou plunges heavily in a card game. A big winner, he is accused of cheating by the husband of one of his former flames. He demands to be searched and when he is a card is found secreted in his sleeve.

To a man in his social position this is a frightfully serious catastrophe. He has no idea how the card came there but the circumstances are too damning.

NEED FOR AIRPORT  
IN CITY STRESSED  
BY MILWAUKEE MAN

Kiwanis Club Speaker Traces Development of Aviation in Past Ten Years

Appleton business men should be alive to the possibilities of aviation and bear in mind that within a few years a city without a recognized airport will be in the same position as a city without a railroad, said Eiling Weeks of the Weeks Aircraft Corporation, Milwaukee, in his address before members of the local Kiwanis club Wednesday noon.

Mr. Weeks' address was a part of the regular weekly luncheon of the Kiwanis club held at the Conway hotel.

Opening his program with a motion picture showing air views of the Kilmory disaster several weeks ago and "delights on aviation in and about Milwaukee," Mr. Weeks followed with reminiscences of his first two flights in 1909, when aviation was very much in its infancy.

He told of the sensations experienced in his first flight and how hard it was to get financial backing in those days.

He also showed the advances in aviation following the advent of air mail service into the district and then warned his listeners that an aviation field should be secured for this city while property is comparatively cheap.

He stated, to permit the largest air transports to land, so that official recognition would be secured for the city's efforts in aviation.

Mr. Weeks was accompanied by John Zillisch, Milwaukee, a director of the Milwaukee Kiwanis club, and Cash Chamberlain, formerly of Appleton. Mr. Chamberlain is employed by the Weeks Aircraft Corporation and was pilot of the plane which brought the party to Neenah from Milwaukee.

A delegation of Appleton Kiwanians met the aviators at the airport at Neenah and escorted them to Appleton.

INDUSTRIAL BOWLERS  
MAY ORGANIZE LEAGUE

Four Appleton concerns were represented at the organization meeting of the Y. M. C. A. Industrial Bowling league for the fall and winter Wednesday evening at the office of A. P. Jensen, association physical director.

Plans were made for a six or eight team league, according to the interest shown. The next meeting will be held 7:30 Monday evening at the association.

Mr. Jensen announced that any local concern interested in entering a team in the league, should get in touch with him by Monday evening.

HORSEWHIPPER READY TO DROP SUIT

Mrs. Francis M. Allen (left) of Lake Forest, Ill., is willing to drop her suit for \$100,000 against Miss Ida Martin (right) of Kansas City, Mo., provided her husband, Col. Francis M. Allen (center), commander of the 131st infantry, Illinois National Guard, comes home with a clean slate. Miss Martin denies she won Col. Allen's affections and declares she is suffering a nervous breakdown due to Mrs. Allen's persecution, which included a public horsewhipping in a Chicago street last January.

Deaf May "Feel" Sound  
Waves With New Device

Chicago—(AP)—Robert H. Gault, psychologist at Northwestern University, has devised a means whereby the deaf may hear by "feeling" sound waves.

The method is called "finger audition" and Gault has spent five years in research work. He perfected the "teletactor," which the deaf touch with their fingers and which intensifies sound waves in varying degrees.

In "finger audition," the speaker talks into a microphone. The sound waves then proceed through the teletactor, which in reality is a vibrator. Different words set up different vibrations and the deaf "read" the sound waves by placing their fingers on the vibrator.

Gault is working now to simplify both the instruments and the training.

The psychologist found that the fingers could detect up to 2,700 vibrations a second. Above that the vibrator seemed to be standing still, but the rate is far above that essential to make speech understandable by the ear.

Interpreting the sound waves is a matter of practice, which the scientist describes as follows:

"Think of an infant with normal sense organs. Speech, to him, is a series of bang-bangs. Before long the series disappears and the bangs follow one another more rapidly; there is a pause between bangs, perhaps a heavy explosion and a succession of lighter ones. Everywhere there is rhythm. By and by the youngster will have learned there is a system about the recurrence of the bangs. He learns something about rhythm, tempo, emphasis and accent before he knows there are such things as words. In short, he has picked up some familiarity with the pattern of speech.

"The deaf subject gets his pattern of speech through his skin, just as the babe gets it through his ears—and it serves the same purpose in one case as in the other. After a while, the meaning of words as they stand alone, begins to emerge."

Gault has carried on most of the research at the National Research Council in Washington. Twenty-six subjects in his laboratory, he said, were able to understand a speaker from 30 to 100 percent better through the teletactor than through lip reading.

He said the most practical application of the method will be in schools for the deaf.

NEW YORK MAN TALKS  
ON STOCK EXCHANGE

Jason Westerfield, chairman of the publicity committee of the New York Stock exchange spoke at chapel and at one of the Economics classes at Lawrence college Wednesday on the Operation of the New York Stock Exchange.

Mr. Westerfield is making a tour of the middle west. He will be at Shiocton Thursday and then will return to New York. Dr. and Mrs. C. C. Janzen, 419 N. Onelda-st., entertained Mr. Westerfield at luncheon Wednesday.

POLICE ASKED TO WATCH  
FOR CHIMNEY PAINTER

Local police have been asked to watch for Henry Peterson who is wanted at Fond du Lac. Peterson is said to have considerable stolen jewelry in his possession and the Fond du Lac police chief has asked that he be held. He said Peterson's brother, Harry is being held in the Fond du Lac jail. Peterson is dressed shabbily and travels in an old Ford touring car. He is a roof and chimney painter.

WIFE'S ANSWER IS NEW  
SUIT FOR DIVORCE

A suit for divorce instituted by Arthur Zwicker, Appleton, against his wife, Emily, was heard by Judge Theodore Bert in the upper branch of municipal court Wednesday afternoon. No decree was granted but the judge has taken the case under advisement.

Zwicker appeared in court but did not press his suit. The only testimony heard was by Mrs. Zwicker who filed a counterclaim for divorce.

The couple was married at Cleveland, Ohio, Dec. 23, 1901. They have three children. Mrs. Zwicker asked for custody of the children with a suitable alimony or property division.

Mrs. Zwicker charges cruelty and deception.

TELEGRAPH OPERATORS  
GIVEN PAY INCREASE

Telegraph operators on the Gladstone division of the Soo line, of which Appleton is a part, have received notice of an increase in wages which in the case of the local operator is three and one-half cents an hour. The increase became effective Oct. 1, but is retroactive to May 15, 1927. Checks for the back wages are being mailed out of the Soo line offices at Minneapolis as soon as the necessary clerical work is attended to.

STOLEN CAR RETURNED  
TO MILWAUKEE OWNER

The Buick roadster stolen in Milwaukee on July 3, 1927, and recovered here by local police last Monday, was returned to the owner, Peter Automobile company, Wednesday. A check to the owner, one of the third in the hands of police here, according to George T. Drane, chief, and it is expected he will be apprehended within the next week.

CITY EXPENDITURES  
\$79,000 LAST MONTH

Largest Single Item Was for Street Paving, Which Cost Over \$37,000

Total city expenditures during September were \$79,890.50, according to the monthly report of E. L. Williams, city clerk. The largest single item of expense was for street paving, which totaled \$37,744.77. Other street expenditures were as follows: Sewer and drain repairs, \$182.65; lighting, \$489.79; flushing, \$295.05; cleaning \$1,064.14; equipment, \$2,998.88; repairs and maintenance, \$6,264.85; walk repairs, \$497.05; bridge operation and repairs, \$640.76; walk improvement, \$1,700.69; sewer improvement, \$1,585.10.

The cost of operating the police department for the month was \$3,080.47 and the fire department, \$4,197.02. The expenditure for the camp site was \$2,871.85. Mayor and aldermen's salaries and expenses were \$1,916.46.

MODERN GERMAN FICTION  
IS SECURED BY LIBRARY

Nine books of modern German fiction have been recently added to the Appleton public library, especially for the large portion of German-speaking people of the city. These German volumes correspond to the contemporary novel in the English language. Work by the best German authors has been selected.

The new books are Abschied vom Paradies by Frank Thiess, Um den Rhein by Herbert Eulenberg, Mutter Marie by Heinrich Mann, Spiel im Morgengrauen by Arthur Schnitzler, Aus der Suche by Walther von Hollander, Der Brand der Cheopspyramide by Hans Dominik, Pommernland by Richard Skowronnek, Das Ungetreue Liebespaar by Paul Oskar Hoelzer, and Tochter by Gabriele Reuter.

Mrs. W. A. Shore, 215 N. Drew-st., submitted to a minor operation at St. Elizabeth hospital Wednesday morning.

DELAY PRESBYTERIAN  
\$1,000,000 CAMPAIGN

Madison—(AP)—The drive among Wisconsin Presbyterians for a million dollars to carry on student religious work at the University of Wisconsin and among Carroll college students will not begin until the fall of 1928 or the spring of 1929, Dr. George E. Hunt, Madison, member of the committee in charge of the fund, said Friday.

The fund will be used for expansion of church facilities for Presbyterian students at the two educational institutions. It will be raised over a period of five years, according to preliminary plans now being considered by the committee. The committee is now only making plans for the drive and conducting an educational campaign among Presbyterians throughout the state preparatory to requests for the contributions.

Dr. Hunt is pastor of Christ Presbyterian church here. Other members of the committee are: Dr. Howard Agnew Johnson, Milwaukee, chairman; L. A. Bechtel, Superior; F. C. Constock, Milwaukee; C. H. Gesselbrecht, Waukesha; E. M. Guest, Milwaukee; W. A. Holt, Oconto; Brayton Smith, Wausau and S. F. Shattuck, Neenah.

King Leaves 500 Widows  
And \$100,000 Derby Hat

Bangkok, Siam—(AP)—King Sisowath of Cambodia has died, leaving behind him the most expensive bowler hat in the world. Cambodia is a French protectorate which once was a corner of Siam.

King Sisowath inherited from his brother a brown derby which was valued at \$100,000, because of a huge mob of diamonds which adorned its top, and he wore it on many state occasions.

According to royal custom the hat should have been burned upon the death of its first owner, but one of his numerous widows appealed to King Sisowath to save it from extinction because she admired it so. Galant, the new king gratified her wish.

More than 500 widows survive the monarch—more than mourned the death of King Solomon.

He visited Paris before the war accompanied by 300 of his wives, and wearing red shoes, a dress coat and a battered opera hat which he soon replaced with his favorite bowler.

The French people impressed him very much but his majesty could never understand the French women. "The French women," he said, "continually interrupt their husbands' conversation without fear of punishment."

On his way to France the monarch became seasick. That worried him, for he could not understand why a king should be seasick like common folk.

One day he became concerned about his whereabouts after seeing nothing but water for a number of days. He sent for the captain of the boat, who assured him that they would sight land the next day. They did sight land the next day, and his majesty was so pleased that he ordered a special hymn of joy to be sung for Buddha.

His surprise at the captain's "prediction" coming true was so great that he decorated him with a Cambodia order, observing at the same time, with a touch of hauteur, that it was strange the captain knew where his ship was while his majesty did not.

King Sisowath was said to be the oldest monarch in the world, and to have been born in 1840. He succeeded to the throne of his brother, King Norodom, in 1904.

# Cardinal Resigns Because He Wants To Lead Quiet Life Of Ordinary Priest

BY MILTON BRONNER  
NEA Service Writer

London—Yesterday he was Cardinal Billot, a prince of the Roman Catholic church. Today he is simply Father Billot in a novitiate at Galloro, on beautiful Lake Nemi, between Arancia and Genzano, Italy.

Yesterday—if he wished to—he wore the cardinal red and ermine; he was received with semi-royal honors; he was one of the small body of men who assisted the pope in administering the affairs of a world-wide church.

## PLAIN PRIESTLY LIFE

Today—by his own will—he wears a simple black cassock, he is simply a Jesuit priest in an army of Jesuit priests, he dwells in a simple priestly cell, burning the midnight oil over his precious books or writing the manuscripts which have given him fame among the theologians of his church.

It's one of the most dramatic recent happenings in the history of a church, full of human drama.

A famous condemnation by a pope led to Ludovic Billot being made a cardinal. An equally famous condemnation by a pope has led to his giving up the cardinalate.

Billot is one of the many Frenchmen who entered the church and served it with their cultured brains and their skillful pens. For years he was professor of dogmatic theology in the Gregorian University in Rome. He combated the Modernists in the church.

## CARDINAL'S HAT

When Pope Pius X issued his famous condemnation of Modernism in 1911 he insisted that Billot, who had never been a bishop, should accept a cardinal's hat.

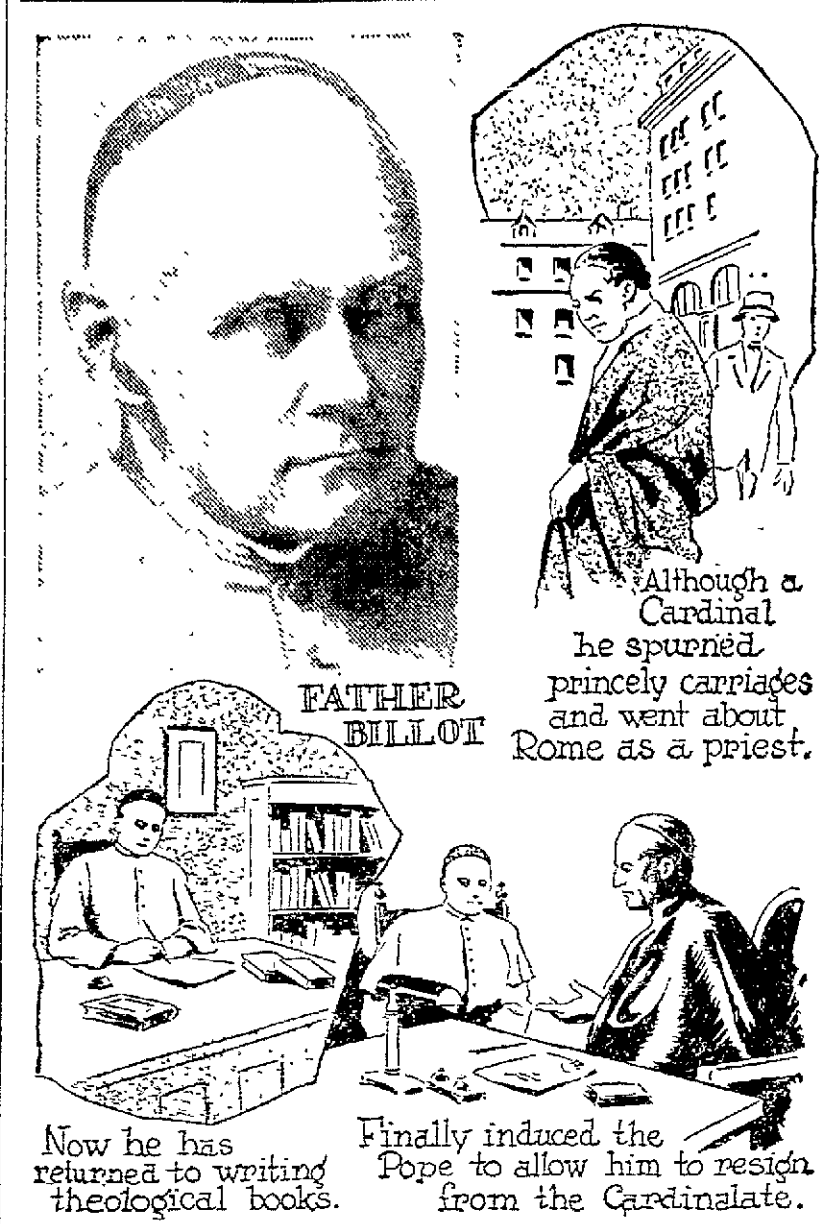

The Jesuits always have avoided public or ecclesiastical honors. They become bishops in foreign missions, only when there is no one else to accept the responsibility.

Father Billot wanted to remain simple Reverend Father, but he was overruled. Even then he hardly changed his method of living. He wore the robes of cardinal only on great state occasions in the church.

Ordinarily he wore a simple black cassock, without even a single red button to indicate his rank. Etiquette prescribes that cardinals shall move around Rome in carriages. Billot went afoot like the simplest country priest, freely mingling with the populace by whom he was known and loved.

He took a simple apartment in the South American College. It was a small flat without luxury of any kind. Its walls were adorned with a few cheap religious pictures such as the humblest citizens can buy in Rome. On a cheap wardrobe was hung a big crucifix. He ate at the refectory with the professors of the college.

His devoted servant begged him to have his meals in his apartment as do other cardinals. Billot always replied

Now he has returned to writing theological books.

Finally induced the Pope to allow him to resign from the Cardinalate.

that what was good enough for the professors and students was good enough for him.

## "CAMELOTS DE ROI"

Now in France there is a paper "Action Francaise" which is Catholic and Royalist. It supports an organization of young hot-heads, the "Camelots de Roi," who want to see a Bourbon restored to a throne in France. The editors are Charles Maurras and Leon Daudet. The latter is a Catholic. Maurras is a pagan, who admires the church as a world power.

On the eve of the World War, the pope was about to issue a condemnation of the books of Maurras, but was dissuaded from doing so by Cardinal Billot. Later the condemnation actually was written, but was not issued.

In September last the aged cardinal Andreu of Bordeaux issued a con-

demnation of the "Action Francaise" and its editors. The latter issued a spirited reply. The pope sent a letter of warm praise to Cardinal Andreu.

In the meantime, at the Vatican, Cardinal Billot was defending the "Action Francaise." He was not listened to for the pope issued a bull putting the paper on the index, probably the first time in history that a newspaper has been thus treated. A document endorsing the pope's action was signed by 117 French cardinals, archbishops and bishops.

Cardinal Billot was not in sympathy with the extreme movement against Maurras, Daudet and their paper. This coupled with the fact that he never cared for princely honors in the church, led to his having a personal audience with the pope and begging him to be allowed to resign. He had done so several times long before the

## MUSICAL BUGS, FROGS MAY ENTERTAIN TOKYO

Tokyo—(P)—The music of chirping insects and singing frogs, which enraptures the Japanese every spring and summer, is to be made a big feature of the new Meiji Shrine Park each year, under plans of the national young men's association.

The program is to capture tens of thousands of crickets, grasshoppers and other insects, including singing frogs, and release them in the park for the edification of the thousands of Tokyo dwellers who gather there.

Peddlers throughout Japan sell the musical insects in small cages, the prices ranging from 50 sen to 50 yen (about 25 cents to \$25).

## \$15,000 BOND ISSUE TO PAY FOR PAVING

A \$15,000 issue of street improvement bonds will be placed on the market about Nov. 1, to reimburse the city for cost of paving done during the summer. The \$15,000 is the difference between the special assessments against property owners and the amount of tax they paid.

Property owners who have not paid their assessments will pay the special tax in yearly installments for a period of five years.

The bond issue is to bear interest at the rate of 6 per cent, dating from Sept. 1, and will be payable in five years.

In the Exeter Museum, England, is a volume bound in the skin of George Cudmore, who was executed in 1830 for poisoning his wife. The Philadelphia, Pa., hospital medical library is said to contain six volumes bound in human skin.

Maurras affair and the pope had always refused to agree. But this time Billot's wish was heeded.

Only once before in the past century has such a thing happened. In 1838 Cardinal Carlo Odescalchi resigned and he, too, entered the Society of Jesus.

Plain Father Billot, delighted at the shedding of his honors, expects to spend his declining years at the task he loves best — writing theological works which have great authority in his church.

## SHOOTING TOURNEY IN HIGH FAVOR IN GERMANY

Berlin—(P)—The recent German Association Shooting Tournament in Munich was marked by an unprecedented attendance.

More than 4,500 sharpshooters besides 1,200 marksmen of small caliber arms competitor. Even though the Austrian shooting leagues did not attend this year, the vast shooting range was almost too small to hold the marksmen and their friends.

The title of German Master Shot was accorded to a gunmaker, H. Bachmaier of Trausenstein, who surpassed the required record. A prize of \$250 donated jointly by the New York Schuetzen Corps and the Italian Independent Corps, was won by Dr. Menzel of Stuttgart with 37 bullseyes. Other prominent prize winners were the Duke of Ludwig of Bavaria, well known as a hunter, Prince Albrecht, the son of Prince Rupprecht of Bavaria, Prince Alfonso and the Bavarian Minister of Agriculture Fehr.

## FRENCH CAR OWNERS ARE BLAMED FOR ACCIDENTS

Paris—(P)—France's law making an automobile owner fully responsible for all accidents his car causes, no matter who drives it, is coming in for much unfavorable comment. Henry Bernstein, the dramatist, stirred up the critics by his defense in a recent case.

Bernstein's chauffeur did occasional taxi business on the side, picking up passengers when his car was empty. An accident caused this unauthorized practice to be exposed and the chauffeur got a jail sentence. Bernstein, sued for damages, set up the defense that he certainly was not responsible morally and that legally the passenger who hired the car was, for the moment, the proprietor. The court stuck to the law, but Bernstein's prominence has created a good deal of sentiment in favor of some modification.

# LAWRENCE COLLEGE WITHDRAWS FROM W-I CONFERENCE

## Blues Will Concentrate On Midwest Loop, Which Has Stricter Standards

Ripon Expects to Withdraw in Favor of Midwest; Will Wreck Little Five

Dissolution of the Wisconsin-Illinois Collegiate Athletic conference, commonly known as the "Little Five" was practically assured this week when Lawrence college of this city withdrew from the conference and Ripon college planned to follow suit before the week was over. At a meeting of the Blue athletic board held Wednesday, it was voted to withdraw from the W-I group in order to concentrate on the larger and more important conference, the Midwest. Announcements from Ripon are to the effect that the Redmen will follow suit shortly. The Lawrence authorities conferred with Ripon leaders Wednesday before they would announce the withdrawal of the local school.

The Midwest conference, consisting of the leading colleges of four states—Wisconsin, Minnesota, Iowa and Illinois, requested Lawrence and Ripon both members, to withdraw from the smaller group two years ago, and Blue officials now believe it would have been wiser to have acceded then. Beloit, the third Wisconsin Midwest member, withdrew from the Little Five at that time and almost caused its dissolution before it was renewed with Lake Forest and a Wisconsin school, replacing the State Liners and making it a two-state group.

**BLUES FAVOR MIDWEST**  
It was a case of choosing between two conferences, and Lawrence desired to stick with the bigger and better group, the one which had the much higher standards of play. Eligibility rules of the Midwest conference are exceedingly loose, and as a result Ripon and Lawrence were handicapped by having to play in the Central division, though being able to live up to stricter standards. It gave the schools of the Little Five, not in the Midwest, a great advantage over the Blues and Ripon as far as eligibility was concerned and Lawrence was unable to get a fair chance to win against a Little Five team that would not observe strict eligibility requirements while the local school had to for its larger conference games.

The Lawrence withdrawal will take effect immediately after the football season, though the Blue will play its regular schedule of basketball games. However, the Lake Forest and Carroll titles will be merely scheduled games and will not have Little Five significance as Lawrence is no longer a member of that loop. Next year it is extremely unlikely that Carroll, Lake Forest or Northwestern will be on the Blue schedule unless as early games for friendly relations.

**WRECKS CONFERENCE**  
With Lawrence and Ripon withdrawn, the Little "Five" consists of Lake Forest, Carroll and Northwestern of Watertown. The latter is a weak sister as far as basketball and track is concerned, so that the loss of the Red and Blue schools, virtually means the breakup of the small conference unless one or two other Illinois schools like North Central are added in which case it will be easy picking for the strong Carroll teams in any sport.

Carroll probably will be forced to play independently, starting next year, unless it can form another conference, as the Pioneers have little chance of placing in the Midwest group. Each member state is allowed three colleges and Beloit, Lawrence and Ripon complete the Wisconsin group. Lawrence was added after the conference had been underway for two years and the other schools were the original members. Last year Carroll attempted to get in but its request was voted down. Two of the big features of the Midwest eligibility rules, the freshman ruling, and the "tramps" player ban have not been strictly observed by the Pioneers, though they now have a freshman rule for the first time.

## Lacrosse Holds Big Lead In Normal School League

Eau Claire	1 2	.333
Stout Institute	0 2	.000
Platteville	0 2	.000
Stevens Point	0 3	.000

La Crosse Teachers College, with a perfect conference record of four wins and no losses, gets outside the circuit this week-end for a game with Columbia College at Dubuque, leaving the flag race open to other teachers colleges, none of which have played more than two conference games.

Superior, with two won and none lost, tackles Stout Institute at Menomonie, whose record of two down and no wins gives them a percentage of total blank.

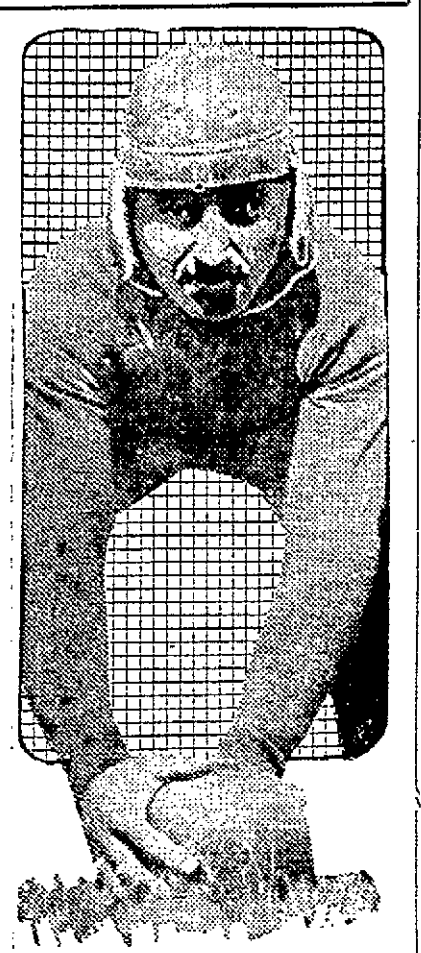

Oshkosh and Milwaukee have a chance to break a tie in the occasion of the Oshkosh homecoming celebration this week-end. Each now has a percentage of .500 with one conference game won and one lost.

Whitewater, which won the only conference game it has played, takes on Platteville, with a record of no wins and three lost.

Superior has no chance to lose for two conference games, for when it meets Eau Claire, it will be playing on a team from outside the league circuit, being host to the Eau Claire team from Fort Snelling.

Stout had an open date last Saturday, and was none, are resting.

### PACKERS IN GOOD POSITION IN LOOP

Bays on Heels of Leaders With Season Half Gone

PACKERS 1927 RECORD	
Packers	12
Packers	14
Packers	12
Packers	6
Packers	20
Packers	13
Packers	13

Green Bay—With the 1927 professional football season about half way through, the Green Bay Packers are sitting in a position where they can talk "turkey" to many of the best eleven in the country.

Right now the Big Bay Blues are placed second in the National league race. The Chicago Bears are setting the pace with an unmarred record. Close on the heels of Lambeau & Co. is the New York Giants who have won four games, lost one and tied another.

The next few weeks are sure to see many flip flops in the percentage table. The undefeated Bears haven't got the softest picking. They make two trips east and twice are called upon to play three games in eight days. Even this may prove a bit too much for the battle-scarred veterans on the Halas-Sternamen payroll.

The Packers have already cracked a flock of tough nuts but the toughest of the schedule is still ahead of them, as only one more game is to be played at home.

This Sunday, the Big Bay Blues are booked for an exhibition game in Milwaukee against Johnny Bryan's Eagles at Athletic park. A week later the gold and blue perform in Chicago against the Cardinals. This sure will be a little as O'Brien's hirelings will be out to get even for the 13-0 lacing they received in Green Bay two weeks ago.

### NOVEMBER 13 DATE

The Packers are negotiating for a game at home on Nov. 13. To date the efforts of the Packers management have not been very successful but the Football officials are burning up the wires in hopes of booking a suitable attraction.

The next Sunday, Nov. 20, will see the Packers doing their stuff in Chicago against the Bears. The Bruins nosed out a 7-6 victory over the Bays early in the season but it may be a different story the next time out. Some of the dopesters figure that if the Packers can throw the Bears for a loss, dreams of a national championship team at Green Bay will come true.

### PACKERS HEAD EAST

After the Bear game, the Bays journey to Philadelphia, where on Thanksgiving day, they will mingle with the Yellowjackets at Frankford. This is the third year in a row that Green Bay has been given the choice Turkey date in the Quakertown suburb.

The Sunday after Thanksgiving, the Packers are slated to meet the Staten Island A.C. in a non-league game. This club is one of the best free lance organizations in the east. The Dec. 4 date is open due to Buffalo's withdrawal but negotiations for a game with a club in New England is under way.

On Dec. 11, the Packers will meet the Steamrollers in Providence. This is a league game and it probably will be one of the toughest on the outline as Providence isn't beaten very easily when playing in its own back yard.

### BRIANTE HAS CHANCE TO TIE RED GRANGE'S MARK

New York — (P) — With five more games to play, "Tex" Briante, New York University full back, is out to tie or surpass Red Grange's 1922 record of gaining 1,250 yards in scrimmage. Briante has made 917 yards in the 34 games he has carried the ball. He was used in only half of last week's game against Rutgers.

### Out for Points

"Burrhead" Booth, Princeton back, is leading Miles Lane (Columbia) in the race for point being honors in the east this season.

## BEAR STORIES MANY IN WESTERN LEAGUE

Stagg, "Fears Ohio" as Result of Alumni Criticism of Wilce

Chicago, Ill. — (P) — Bear stories about Thursday in the camps of Big Ten teams looking forward to Saturday's conference games. Ohio State, shaken brisily by a disappointed and somewhat disgusted alumni, was reported to be getting angry enough to plough its way through almost any kind of opposition. This condition at Columbus has not encouraged Coach Stagg at Chicago. The Chicago eleven has been warned repeatedly throughout the week to look for lots of trouble when the starting whistle blows at Ohio State. The Maroons figure that Coach Wilce at Columbus and the Ohio State team itself will be warring as never before to answer to deluge of criticism that followed their defeat by Northwestern and Michigan.

Iowa, decisively shut out by Minnesota last week has a fortnight layoff from Big Ten play. The team is being pointed to the Illinois game.

Illinois looked ahead to Saturday's homecoming game at Urbana with the usual misgivings which characterize the Illini whenever Michigan is the opposition.

At Ann Arbor emphasis was laid on two quadruple threat men. Captain Oosterbaan and Gilbert. Both took turns at kicking, passing, receiving and carrying the ball. The Michigan line is not going neglected. It was put through a short drill in fundamentals. No team has scored against Michigan this season.

Coach Pat Page at Indiana picked three complete teams to take east with him for Saturday's game with Harvard. The Hoosiers are to reach Boston Friday afternoon.

Wisconsin prepared for Minnesota by drilling on place kicking. Coach Glenn Thiltschwalte indicated that he believed it possible a field goal or two might win from the sturdy Norsemen. A defense against the onslaughts of the plunging Herb Joesting also is being developed.

### Still Playing Football

Morton Kaer, Southern California's famous back last season, is playing with the Olympic Club in San Francisco this year.

## College Captains

BRATT OF HARVARD  
Cambridge, Mass.—An outstanding football player and an outstanding track star!

That's Charles C. Pratt, captain of the Harvard eleven this fall.

Pratt has won his football "H" for two years, having been a star on the line for those two years. He is again playing the brand of football this year that stamped his play the past two seasons.

In track, Pratt is one of the best shot-putters Harvard has had in recent years.

The Harvard captain prepped at Loomis Institute in Connecticut, where he was a member of the hockey, baseball and football teams for four years. He is 22 years old and lives at New Bedford, Mass.

At Harvard he has been very popular and is one of the best known students on the campus.

### BILLY LAMONT STILL GOES GOOD AS BOXER

Billy LaMont, Superior boxer who made such a hit with Appleton and Fox River Valley mitt fans a few years ago, that he was engaged to fight four successive times on local mitt cards, finally taking the headline position, still continues his classy work around the home town, according to reports from Superior.

Billy fights the same type of battle as he did here, coming back brilliantly to earn a draw with his rival after being beaten in the early frames. Here's the dope:

"Stumbling out from the ropes, Billy LaMont, flashy Superior bantamweight, started to push Mike Valentine of Duluth, around the ring and continued his speedy come-back through the fourth, fifth and sixth rounds. In the third, Valentine punched LaMont unmercifully and had him on the ropes twice but LaMont came back to outfight him in the following three rounds. The decision was a draw.

The fight was the feature bout on a six-bout card dedicating the new Silver Spray gymnasium."

## Marquette Men Hope For Change In Season's Luck

Milwaukee—Seeking revenge for a 17 to 2 defeat handed them here a years ago, Marquette university gridgers on Saturday will go into action against the Grinnell college eleven of Grinnell, Ia., as the high light of Marquette's seventh annual homecoming program. The game will be played in the Hilltop stadium, and will start at 2 o'clock.

For the first time in years, a Marquette team has lost three games in a row, and Coach Frank J. Murray's huskies propose to do an about face in the remaining encounters with Grinnell, St. Louis university, Holy Cross and Iowa State. Games have been lost consecutively to Army, Oklahoma A. & M. and Creighton, but only in the Oklahoma Aggie scrap were the Murraysmen below par in their playing. Their work actually was brilliant in the Army and Creighton clashes, although it did not bring victories.

Five regulars, Capt. Leary, full-back; O'Keefe, all-western quarterback; Dostaler, tackle; Kelly, guard, and Gauckler, center, were unable to play for Marquette against Creighton because of injuries, but all except Dostaler are out for practice this week and should be ready to start against the scarlet and black gridgers from Grinnell. In the absence of these regulars, recruits like Gil Corbett, quarterback; Frank Novak, half back, and Roy Buck, guard, filled in well, but it will be a considerably strengthened Golden Avalanche with the vets back in action.

### MAYOR BRINGS NEW SPORT TO CHICAGO

Jai Alai, National Sport of Spain Attracts Thompson's Eye

Chicago—(P)—Mayor William Hale Thompson, who brought Chicago its first heavyweight championship boxing match, is the unofficial sponsor for the introduction of a brand new sport, jai alai, pronounced "jai-ah."

Jai alai is the national sport of Spain and several other Spanish speaking countries, notably Cuba and some of the South American republics.

It follows somewhat the lines of tennis and handball, or racquets, except that the players wear a cestu, or basket, on their throwing hand, and it partakes of the speed of those games. A jai alai stadium is being built close by one of the most popular north side cabarets, whose proprietors are the financial backers of the project.

It is planned to bring forty players, recruited in the Basque provinces of Spain, here for the games. Bonds will be filed with the immigration authorities to cover their proposed stay of six months. They will arrive about December 1.

The mayor saw games on a Mississippi river trip to New Orleans and became an enthusiast of the sport. J. S. Markstein and F. V. Serafin, who managed jai alai games in New Orleans, will conduct their exhibitions here.

### Scoring Plenty Points

St. Xavier scored 298 points in their first five grid games this season, making more than 100 in one game.

## BIG BARNEY WILL MANAGE NEWARKS

Old Walter Johnson to Be Pitcher - Leader at Big Salary

Washington — (P) — Walter Johnson for 20 years a big league star has signed a contract to pilot the Newark team of the International league over the next two seasons at a salary termed by Paul Block, owner of the club "the highest ever paid a player-manager outside the major circuits."

The "Big train" affixed his signature to the document late Wednesday night a few hours after announcing by radio that "he had about decided" to accept the Newark offer. The contract will permit him to pitch an occasional game to hear out his conviction that his famous arm still has a few victories in it. The actual figures of his salary were not announced.

While Johnson was not actually a free agent at the time it is not expected that other clubs of the American league will take advantage of their waiver privileges which will not expire until Sunday.

In granting the pitcher at his own request an unconditional release, Clark Griffith, president of the Senators, said he was confident that in view of Johnson's extraordinary service the other clubs of the league would not stand in his way. The release was granted nearly two weeks ago.

### MARQUETTE WORKS HARD FOR GRINNELL BATTLE

Milwaukee—(P)—Defensive and offensive scrimmage both were included Wednesday in the workout of the Marquette University football team in preparation for Saturday's homecoming clash with Grinnell. It is hoped to have all five of the regulars who were out of the Creighton game with injuries back in the lineup, although O'Keefe, quarterback, still is complaining of a bad ankle.

### Praise for Penn End

Joe Lenzner, Pennsylvania end, is being hailed at the best flankman the Quakers have had since Heinie Miller was on a wing for that school.

## BELOIT ELEVEN IS PESSIMISTIC FOR LAWRENCE BATTLE

Weak Gold Squad Given Good  
Chance to Win Two More  
Games This Season

Beloit—Beloit's college, once a football power among the smaller colleges of the middle west, is in the doldrums, one of those periods which seem to come to every college when interest is low, material is scarce, few games are won, and hope always centers in the freshman squad, which may have in the makings of a strong team next year.

Perhaps that paragraph is a bit too pessimistic, for although Beloit didn't win a game last year and has lost something like an even chance to win two of the remaining three games. Like Lawrence and Ripon, it is a green squad, composed mostly of sophomores. Five of twenty-nine men have won letters, but one or two of them who should be the bulwarks of the team are inclined to be lackadaisical. Beloit and Lawrence clash Saturday afternoon at Appleton.

**LEARNS THE GAME**  
Here's one picture of the team. Three boys who never had football suits on until this year are among the twenty varsity men. One of them is a regular halfback.

On that background of gloom, however, there are several high lights. Among them are Stewart Lawrence, Jacob Fessler, Leo Kulick, and a half dozen others who are either football players or who have the bodies, the minds, the courage, and the loyalty that makes football players. But the biggest bright spot is the fact that the team is beginning to learn football and showing better in every game.

Lawrence, the quarter back and captain, is a hard working little package of dynamite. His choice of plays only occasionally is in error. He's an excellent open field runner and a good tackler and blocker, although he weighs under 150 pounds. He is a ready good punter, drop kicker, and place kicker, and naturally does all the kicking when he is in the lineup. His hands are rather small, so he gets little control of a pass.

**LAABS FULL BACK**  
Along with him in the back field are Kenneth Williams and Louis Bottino at half backs and Kermit Laabs at full back. Williams, another lightweight, playing his first year of football, is fast and shifty and picks openings well, but is no plunger. On defense he's very fair. Bottino, the back who never had a football suit on until this year, is a star basket ball man. He hits the line hard and blocks and tackles well, and will step into the pass throwing shortly.

Laabs is a big husky blonde, 178 pounds, shifty and a line crasher, who would be a star if he would work a bit more conscientiously. Two years ago he was a varsity man at guard and wasn't in school last year. He was

brought into the back field because of his strength on defense. As a blocker, he's not so good, but throws most of the passes, while all the back receive them.

There is scarcity of back field subs. Clayton (Suede) Whittenberg, a 137 pound lad, "fits in" at quarter back and Robert Brolin, a letterman of last year, 140 pounds, who is fast, a hard worker and a good defense man, but who can't block or pass well, is the other sub.

The line is stronger defensively as, for the most part, it lacks aggressiveness on offense. Even then Coach Roy Bohler, is forced to play his backs behind his tackles to strengthen the defense of the wings of the line.

**GERMANN STARS AT CENTER**  
Don Germann at center, who also backs the line defensively, is a newcomer who is learning to size up plays quickly and often breaks through to stop a play at its start. His snapping of the ball is satisfactory.

At one guard is Jacob Fessler, also a sophomore, who would be a joy to any coach, for while he hasn't much experience, he's a big chap who would rather play football than eat. The game never gets too rough and he likes to have opponents send plays at him and likes to open a hole for his own backs. He's aggressive, with powerful drive in his legs and a good defensive man, though his play is handicapped by lack of experience.

At the other guard is Charles Niemann, varsity man of last year, who is always trying and holds down his job as the passer and Capt. Wilson, Cook, McGrath and Johnson as receivers.

The tackles are a pair of students, both Leo Kulick and Walter Rasinski rating straight A grades scholastically. Rasinski, letter man last year, is light in poundage and is a little short on aggressiveness but is a student of the game and better on defense. Kulick, rugged and somewhat awkward as yet, uses a pair of powerful arms well, but he also isn't really aggressive. He's "poker faced" and is learning football rapidly.

**ENDS ARE LIGHT**  
The ends, Arthur Westenberg and Barney Lourim, are somewhat light—the line of this team averages only 164 and the backs 158 pounds. The latter, a senior, is a varsity man of last year, tall and slender, who snags passes but doesn't hit the tackle very hard on offense. Westenberg, 145 pounds, also is a pass receiver and a fair tackler, but too light to block effectively.

Every position in the line has a sub for it. At ends Carl Thostenson, fast and aggressive, is likely to replace one of the present regular ends, while Wallace Hobart, another sub end, seems to fry harder than any one else in the squad. Morton Balch, 160 regular back last year, has been out because of an operation, but is almost certain to be in at one of the tackles shortly, as he put on a suit for the first time the middle of last week. William Ethier is another sub tackle, 190 pounds, who lacks aggressiveness or might be in the first string. Barrett Miller, 235 pound guard, can't quite handle his beef, and Graydon Ellis is another sophomore corner, who is getting somewhere but hasn't arrived yet,

Mount Vernon, Iowa—The Cornell football squad returned from Ripon last weekend with no serious injuries as a result of the second Midwest victory for the Purple and started work Monday for the telling encounter with Coe this week. The annual Coe-Cornell battle which will be a part of the Koshawk homecoming this year will settle a big question in the circuit grid race and will be another of the series which started over 40 years ago between the two schools.

Coach Richard Barker will spend much of his time this week perfecting the Purple offensive which has been particularly strong this fall. The great forward passing game with Crabtree as the passer and Capt. Wilson, Cook, McGrath and Johnson as receivers has made a large amount of yardage. With the scoring machine working smoothly, the Purple director will turn his attention to the weak spots in the Cornell line and attempt to patch up any holes in the front line before Saturday's game. Lack of reserves has given the coaches much worry in the line and has forced them to be easy on the first string forwards.

**No Attraction at Home**  
Archib Bell, a New York boxer, finds that he is a better drawing card away from his home town.

Philadelphia—Joe Gluck, New York, defeated Johnny Jadick, Philadelphia (10).

Archib Bell, Brooklyn, defeated Johnny Vacca, Boston (10).

Frank Reedy, Chicago, and Joe Quinan, Philadelphia, drew (6).

and at center is another of these beginners, Grant Ruttenbeck. Beloit, however, looks forward to next year. Four or five men will be lost by graduation, but from a powerful freshman squad, one or two of whom might beat out varsity men right now, is expected to come powerful material to overcome present deficiencies.

Dr. O'Keefe's Office will be closed until Monday, Oct. 31.

## WASHIE HENDRICKS READY FOR BATTLE

Local Man in Comeback  
Scrap With Lyons at Osh-  
kosh Friday

"Washie" Hendricks, once the pride of Kaukauna, more recently of Oshkosh, and now residing in Appleton, will open his fall ring campaign Friday evening at Oshkosh when he encounters Bobby Lyons, St. Paul, in the second bout of the evening, a six-round affair. Washie is in perfect condition and he expects to give Lyons plenty to do in the 15 minutes of battling.

It will be a comeback bout for the local boy as in his last appearance at Oshkosh he lost to Jack Heineman, Milwaukee star, after winning several fights in a row. He had Heineman on the run most of the way and only high blood pressure and the excitement of the fight lost him the bout. He fell for the count of ten and was out several minutes, without his rival laying a glove on him, when he suddenly became dizzy and weak. Many Appleton, Kaukauna and Oshkosh friends of the local man plan to see him in action.

The main bout will bring Mike Mandell, "Tiger Man of St. Paul" into the ring with Art Pettile, Hurley assassin, in a battle of men who are on the verge of stepping into national recognition as contenders for the light heavyweight title. The semi-windup brings to game Joey Thomas, clever Oshkosh brawler, against Tiger Jack Wirth, Chicago Greck. Jack Beall, Oshkosh slugger, will open against Stanley Mitchell, a new resident of Neenah who has won his last 10 of 11 battles. Neenah will turn out strong to support its new hope.

Dayton, Ky.—Freddy Miller, Cincinnati, won from Red Wise, Portsmouth, Ohio (6).

Chicago—Billy Showers, St. Paul, won from Matt Clanciole, Milwaukee (10).

## STATE TO ORGANIZE PRO CAGING LEAGUE

Kimberly-Clark, Fondy Moose  
Expected to Withdraw  
Quints

Reorganization of the Wisconsin State Professional cage loop, of which Kimberly-Clark Co. of Kimberly was a member last year, has been started by F. W. Eppling, Kohler, league president. Two of last year's teams probably will not be entered this year, however, as the Fond du Lac Moose,

a tallend squad in 1927, has announced its intention of dropping out and Kimberly, second place winner, is rumored to be ready to quit.

"Ossie" Cooke, athletic director and star guard of the K-C squad has left the company and two other star players of last year's crew, including M. H. Scheurle, Appleton guard, are missing, so that if Kimberly organizes a squad it will be easy for the tough pro loop competition unless several star players are engaged to work in the fall.

Mr. Eppling states that it will be necessary to elect officers for the league in the near future and for that reason he is sending out letters to get the consensus of opinion concerning plans for the 1927-28 season.

**Does Outstanding Feet**  
One of the outstanding plays of the early grid games on the Pacific coast was a 40-yard dash to touchdown against the Oregon Bears by Lom, California quarterback.

**Pound Back in College**  
"Big Ben" Pound, the Itolins College boxer, who has been winning steadily in Florida, has returned to his home at Cleveland, O.

**Home in Cleveland**  
Johnny Farr, who fights Bud Taylor in Los Angeles soon, makes his home at Cleveland, O.

**Detroit — Tom Heeneey, Australia,** won from Johnny Risko, Cleveland (10).

## SMALL GAIN SHOWN IN CIRCULATION OF BOOKS AT LIBRARY

207 New Registrations Reported by Librarian During September

Appleton public library shows a total of 8,435 borrowers at the end of September compared to 8,403 at the beginning of the month, according to the most recent report. Of this number, 207 constitute new registrations during the period; 49 transfers from the juvenile to the adult department; 370 in Outagamie-co outside city limits, 42 outside Outagamie-co. Registrations cancelled during the month total 221.

The number of volumes at the library at the end of September was 25,727, showing a net increase of 34, 162 withdrawals and 216 additions during the month.

Books of fiction rank highest in popularity according to circulation statistics of the month, totalling 6,126 loans. Other classifications show the following in circulation: non-fiction, 2,027; unbound periodicals, 148; and foreign books, 78. The total September circulation amounts to 8,359.

Fifty-six questions were answered during the month, 48 at the main desk and 7 by phone. Groups served included study clubs, students, teachers, and the public in general. The questions were on history and travel, literature, art, current topics, and special and technical subjects.

Clippings show an increase of 61 during September with a total of 12,047 at the end of the month. Thirty-four pamphlets were added making a total of 1,121.

## PULP MAKING CLASSES FORMED IN 11 CITIES

Organization of classes in pulp and paper making in the various paper centers of the state is receiving unlimited cooperation of manufacturers and their employees, according to H. G. Noyes, who has charge of the work. Cities in which classes have been or will be organized are Appleton, Eau Claire, Green Bay, Kaukauna, Marinette, Menasha, Neenah, Rhinelander, Stevens Point, Wausau and Wisconsin Rapids.

Mr. Noyes' work is to ascertain the needs of a class in paper manufacturing, organize the work and find an instructor for the class. The work started July 1 and is offering to all paper making circles an opportunity that formerly was offered only a few. Mr. Noyes, before taking over this work, was in charge of paper and pulp making classes in Neenah, Menasha, Appleton, Kaukauna and Green Bay.

## GILMORE'S PLANS NOT KNOWN AT UNIVERSITY

## SISTERS SHOW THEY ARE ABLE TO BAG DUCKS

Here are two sisters that know how to hunt. They say they "go right after 'em" Mrs. E. W. Preston, 1402 N. Alvin-st., is the woman to the right and the other is Mrs. Frank Motz of Milwaukee. These are the first two women to receive hunting licenses in Outagamie-co this year and they proved that they really used them by having this picture taken of their first day's bag. They hunt on the northern lakes.

gents, his teaching contract does not expire until the end of the first semester of 1927-28. At that time he must resign or return to the school if he wishes to keep his work there, or be provided with another extension of leave.

Dean H. S. Richards of the law school has yet to hear from the Philippine official. Prof. Gilmore went to the islands in 1922 to work under General Leonard Wood, governor, as secretary of the interior for the islands.

## Pile Sufferers

Do you know why ointments do not give you quick and lasting relief? Why cutting often fails?

Do you know the cause of piles is internal?

That there is a stagnation of blood circulation in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Schintz Bros. and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, quick and lasting relief to thousands of pile sufferers, and saves the needless pain and expense of an operation. There is no reason why it should not do the same for you. adv.

## MAGAZINE DESCRIBES SCHUMANN-HEINK WELCOME

Appleton's reception for Adm. Ernestine Schumann-Heink, famous singer, when she arrived here last spring for her concert at Lawrence Memorial chapel, is told in story and picture in the November issue of the American Legion Monthly, national publication of the legion. The story of her concert here and her reception by "her boys", the Legion men, appear above a large picture of her arrival at the report.

In the picture are Col. H. L. Plummer, Appleton, national executive committee member for Wisconsin; Marshall C. Graft, then of Appleton, eighth district commander; Harvey Priebe, Appleton, past commander of Oney Johnston post; F. A. Hurzy, Stevens

## OPEN CHIPPEWA-CO ROAD IN TWO WEEKS

The John F. Bloomer Construction company has completed its contract for paving highway 29 between Chippewa Falls and Cadott in Chippewa-co and will open the road to traffic during the next two weeks. The contract was a \$350,000 federal aid project and resulted in concrete surfacing being applied to 13 mile of highway between the two cities.

Point, past state vice commander and a childhood friend of the singer; George Baldwin, Appleton, a personal friend; D. G. Kenny, West Bend, past state commander; Mrs. L. J. Marshall and Mrs. S. C. Shannon of the Appleton Women's club; and Mrs. E. E. Punn, local legion auxiliary president.

## DELAY WRECKING OF 6 BIG GRAIN TANKS

Wrecking of the six tile tanks remaining on the property of the Wisconsin Malt and Grain company will not be resumed for two weeks, according to George Kasten, superintendent in charge. It has been decided to complete tearing down the old grain house back of the Chicago and North-western tracks and then drop the six tanks at once so they will fill up part of the basement of the former buildings. After the tanks have been wrecked the brick smoke stack will be demolished.

## TELEPHONE EXCHANGES TO WELCOME VISITORS

Visiting days at Wisconsin Telephone company exchanges in this dis-

trict are being resumed according to F. N. Belanger, acting manager of the Appleton district. The practice has been carried out in cities in the district for several years and has

proved successful in acquainting patrons with the methods used in handling calls. No visiting days are scheduled for the Appleton exchange

as the campaign was in effect here last year. A cablegram was recently sent around the world in eight minutes.

**ZONING ORDINANCE FOR OUTAGAMIE-CO PREPARED BY BOARD**

Action Will Be Taken at Meeting on Nov. 15; form Seven Districts

Outagamie-co will be divided into seven districts under the proposed zoning ordinance as prepared by the ordinance committee for presentation at the meeting of the county board on Nov. 15. The zones are: "A" residence district, "B" residence district, local business district, agricultural districts, commercial and light manufacturing districts, heavy industrial districts and unrestricted districts.

In the "A" residence district one- or two-family dwellings will be allowed and any of the following buildings will be permitted: Churches, schools, public buildings, farm truck gardens or greenhouses, club buildings, live stock farms, hospitals, railroad passenger stations, cemeteries, quarry or gravel pits which do not involve manufacture of products other than crushed stone, sand or gravel and parks or playgrounds.

The "B" residence district permits all the buildings of the first class and in addition apartment houses and hotels.

All light manufacturing enterprises are allowed in the local business districts. Following is a list of the businesses which will be allowed in those districts: Bakeries, booting work, garages or wrecking companies, machine shops and lumber yards, carpet weavers, laundries employing not more than four people and stone yards.

**PROTECT SCHOOLS**

No manufacturing except that in which the major portion of the products are to be sold at retail for local use is allowed in the agricultural district. All businesses excluded from the light manufacturing and commercial districts are excluded from this district. Public garages with an entrance within 100 feet of a public or private school or church, hospital, park or playground, or wrecking companies, are not permitted in this section.

In the industrial district any type of manufacturing is allowed which is included in the first four mentioned districts with the exception of the following: Cement, lime and gypsum; acid, explosives, explosive storage, fertilizer, dead animals reduction, glue and stock yards which are allowed only in the unrestricted districts.

The zoning ordinance also provides a set-back line, beyond which no advertising signs may be constructed. A set-back line also is established for the various highways, beyond which no new buildings may be erected. This is to provide space for expansion of the roads in the future. The set-back lines will be determined by the county board at its November session.

The ordinance may be changed from time to time by the county board providing the town board of the town where the change is desired has approved the change. Violation of the zoning ordinance will be punishable by fine not to exceed \$200 or less than \$10 or by imprisonment of not less than one day or more than six months.

**Local Mail Often Missent To Town Of Appleton, Minn.**

If you are a manufacturer or average citizen of Appleton and some day receive a parcel which is addressed to you which you never ordered, and are curious enough, you might attempt to find out if such a party lives in Appleton, Minn. To do this, call the Chicago, Milwaukee and St. Paul railroad office in the "flats" and ask them to look through the directory of the Minnesota city which they have on file.

"Because of the fact that both Appleton, Wis., and Appleton, Minn., are situated on the Milwaukee road we often have freight addressed here which in reality should have gone to Minnesota," said A. W. Liese, local agent. Just this week we had a freight order for some heater parts addressed to a certain garage at Appleton, Wis., and sent out a card to that address notifying them the shipment marked "no such party living here."

After calling a company of similar name in one of the villages surrounding Appleton we looked in the Appleton, Minn., directory and discovered that the freight had been addressed to the right town but the wrong state.

Incidentally the Milwaukee road agent at Appleton, Minn., has an Appleton, Wis., directory for his use.

**\$1,711 FINES PAID IN CITY LAST MONTH**

**84 Lawbreakers Are Fined; Drunkenness Leads in All Offenses**

Eighty-four lawbreakers fined in municipal court in September were forced to part with \$1,711.40, according to the monthly report of William R. Kreiss, Jr., court reporter. Of the amount paid by offenders, \$1,045 was in state fines and \$364 in city fines. Court costs totaled \$144 and officers' fees were \$155.40.

Drunkenness was the leading offense during the month the records showing that 14 fines were for that offense. Failure to transfer licenses and speeding caused the arrest and fining of 11 persons for each. Following are other causes for fines and the number fined under each: Parking automobiles in alley, 8; assault and battery, 5; liquor law violators, 5; larceny, 5; jumping arterial highway signs, 4; parking in front of theatres, 4; drunken driving, 3; reckless driving, 3; resisting an officer, 3; disorderly conduct, 2; burglary, four in front seat, parking in front of hydrant, passing automatic signals and parking without lights, one each. One man was placed under a peace bond.

**WILL NOT ADVANCE DATE OF PRIMARIES**

**Council Expected to Act on Bids for New Registration System at Next Meeting**

City primaries will precede the regular elections the first Tuesday in April, 1928, by two weeks, the same as in the past, according to E. L. Williams, city clerk.

Mr. Williams doubts the legality of an earlier primary although city officials at Oshkosh intend to hold the primary three weeks prior to the regular elections, in order to give election clerks time to complete their work under the new state registration law without extra help.

The procedure under the permanent registration law, passed at the last session of the state legislature, is for each voter to swear out an affidavit that he is a resident of the ward in which he wishes to vote. Two freeholders of the ward must sign the affidavit, drawn by a clerk deputized to handle the swearing-in.

Three blanks are then filled out with the voter's name, address and other data, one of the cards being filed in the city clerk's office, and the other two going to the polling place as a means of checking the vote.

**UNIVERSITY WOMEN TO DISCUSS ILLITERACY**

Sheboygan — (AP)—Adolescent education and illiteracy will be among topics of discussion at the ninth annual conference of the Wisconsin Federation, American Association of University Women, October 28 and 29.

One of the principal speakers will be Miss Esther Calkins, Washington, D. C., secretary of the International Relations committee, who will review the work of the International Federation of University Women.

Miss Alice Wright, Milwaukee, director of the northeast central section, will present a paper on the national convention held recently at Washington. Miss Aleda J. Pieters, Milwaukee, will address the convention on the Institute of International Studies which she attended in Geneva, Switzerland, this summer.

A children's code for Wisconsin will be discussed by Mrs. J. William Gross, Milwaukee, chairman of the children's committee of the Wisconsin Conference of Social Work.

**Dreco Is The First Patent Medicine He Ever Took**

But the Results Proved so Wonderful This Neenah Farmer is Now Praising It Everywhere.

Mr. Herman Bauer, a well-known farmer living on Route 4, Neenah, Wis., says:

"Dreco is the first patent medicine I ever took in my life but it did me so much good that now my only regret is that I didn't begin taking it sooner."

"For six years I suffered almost constantly with rheumatism. My back and limbs were so stiff and painful I could hardly walk at times and after bending over to do my work it would be several minutes before I could straighten up again. I had little appetite for food, seemed tasteless

to me, I could hardly see at times because of the spots floating before my eyes and I gradually lost weight until my friend's began noticing how bad I looked."

"Well, sure, Dreco began helping me right from the start and now I am not only completely free of the rheumatism but my appetite has returned, I've regained eight pounds of lost flesh and I feel so good in general I can hardly believe I'm the same man. I know a lot of my friends suffering as I did will want to try this great remedy Dreco, too."

Dreco is being specially introduced by Schindler Bros. Drug Store and sold by druggists everywhere. adv.

IRVING ZUELLIG

JACK LOCKWILL'S FOREST RANGERS

Willie, who had peered round the corner, drew back from sight. Jack and Tom looked at each other questioningly. Continued silence gave them a creepy feeling. They had heard incredible stories of strange things that happened around Enchanted Mountain before their boyish thirst for adventure had brought them here. Darling came running from behind the hut.

"I just looked through a window," said Willie. "This is the damndest queer thing that ever happened! Fellows, there isn't a living human soul in there!"

"But somebody must be in there!" exclaimed Tom. "Guns don't shoot themselves off. The ruffian's hiding." "Keep back!" warned Jack, again reaching to grasp Willie.

To Lockwill's dismay, Darling dodged, and darted through the door. Jack followed him promptly. McNally at his heels. The hut, a one-room affair, contained a well-bunk, a rusty stove, a crude table, and there were some boxes that might serve for chairs. As Willie had asserted, there was no one in the place. "But there's the gun!" cried Jack, pointing at the table. (To Be Continued)

IF IT WASN'T FOR THE OTHER FELLOW WE WOULDN'T HAVE ANY AUTO ACCIDENTS.

THE NUT CRACKER

A STUMBLING BLOCK  
"I hear there's only one thing that keeps Alice from marrying Rodney." "What's that?" "Rodney." "Till-its, London."

SURPRISE FOR HIM  
WILD-EYED CUSTOMER: I want a revolver. It's for my husband. SHOPKEEPER: Did your husband tell you what kind of a revolver to buy?

WOMAN: I should say not. He doesn't even know yet that I'm going to shoot him. Passing Show.

SPEEDY TURN-DOWN  
HIM: You look like a sensible girl; let's get married.  
HER: Nothing doing. I'm just as sensible as I look.—I'm a hater.

## TIDWATER CANAL PICTURED AS HELP FOR MIDDLE WEST

### Green Bay Man Says Lakes to Ocean Canal Will Be Built Despite Jealousies

Kaukauna—Hugo Wells, president of the Green Bay chamber of commerce and a member of the Green Bay-St. Lawrence waterways board and several local citizens prominently connected with the city's growth in its business and industrial life presented an interesting paper at the inventory program of the Kaukauna waterway association at its regular monthly meeting Wednesday night in the council chambers of the municipal building.

Mr. Wells urged the building of the Great Lakes-St. Lawrence waterway at earliest possible moment as it meant much for the future growth and development of the Green Bay-St. Lawrence waterways board and several local citizens prominently connected with the city's growth in its business and industrial life presented an interesting paper at the inventory program of the Kaukauna waterway association at its regular monthly meeting Wednesday night in the council chambers of the municipal building.

## COMPLETE BUILDING FOR STORAGE OF PATTERNS

Kaukauna—The new pattern storage building built by the Moloch Machine and Foundry Co. north of its present property was completed on Thursday according to R. A. Kanik, manager of the foundry. This is a one-story building of steel construction and is thirty feet wide and eighty feet long. It was constructed by the Basine Steel Co. of Milwaukee. This building was found necessary to take care of the many patterns which the company has.

## BELANGER REVIEWS TELEPHONE PROGRESS

### Predicts More Rapid Service on Connections Between Distant Cities

Kaukauna—F. N. Belanger of Appleton, acting district manager of the Wisconsin Telephone Co., was the principal speaker at the noon luncheon of the Kaukauna Rotary club Wednesday noon in the Legion building. Mr. Belanger reviewed the progress the telephone company made in the middle west where most of our transporting of raw materials and finished products is by railroads. The cost of getting raw materials into this section of the country is increasing each year as is the cost of delivering the products to the market. The Panama canal, as wonderful as it is, is a serious menace to the middle west through the canal it is possible for the far western competitors of middle west goods by water to transport their goods by water much more cheaply to the eastern markets than can be done by rail from the middle west. The country is only awakening to the necessity of water development but people are beginning to realize that the waterways, the natural highways of the country and the cheapest, have been neglected in efforts to develop our mammoth railroad system.

## NEAR 100 PER CENT MARK IN BANK SAVINGS

Kaukauna—A total sum of \$77.38 was deposited in the Kaukauna High school bank on Tuesday with 98.3 of the students making deposits. The seniors, juniors and sophomores again made one hundred per cent records while 99.1 per cent of the freshmen deposited.

## KAUKAUNA PERSONALS

Kaukauna—Edward Dugan of Anigo returned to his home in that city Wednesday after spending a few days in Kaukauna renewing old acquaintances.

## Social Items

Kaukauna—Mrs. C. H. Winn entertained eight friends at a birthday party at her home Tuesday evening. Prizes at bridge were won by Mrs. Joseph Lefevre, Mrs. W. N. Nolan and Mrs. A. M. Lang.

## HIGH SCHOOL PLAY HAS BEEN HUGE SUCCESS

Kaukauna—"Kemp" the three act comedy to be presented by the senior class of Kaukauna high school at the school auditorium on Friday evening was a tremendous hit during its presentation in the larger cities of the country.

## Doctor Found Women and Children Sick More Often than Men

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

## CHILTON WOMAN TO BE BURIED FRIDAY

### Rebekah Lodge to Give Commemorative Service at Cemetery

Special to Post-Crescent. Chilton—The funeral of Mrs. Corolla Chesbro, who died at the home of her daughter, Mrs. Lora DeVoss Tuesday evening, will be held at 1 o'clock Friday afternoon from the home at which time a short service will be given by the Rev. Vernon Lane of St. Boniface Episcopal church. At 2 o'clock a service will be held in Trinity Presbyterian church, to be conducted by the Rev. Luther Harwood. The interment will be in Hillside cemetery. The commemorative service of Rebekah lodge will be given at the grave.

## LITTLE CHUTE CHURCH PLANS SPECIAL SERVICE

Special to Post-Crescent. Little Chute—Forty hours devotion will start at St. John church Friday morning at a high mass which will be sung at 7 o'clock. There will be services at 7:30 Friday and Saturday the closing devotion will be held. Members of the Holy Name society will receive holy communion in a body at 7:30 mass Sunday morning and the reception of new members will also take place at that mass.

## ITEMS OF INTEREST TO HIGH CLIFF RESIDENTS

Special to Post-Crescent. High Cliff—Mr. and Mrs. Matt Ebock of Milwaukee visited the Joseph Ebock home Friday, while enroute to Oconto Falls.

## NORMAL SCHOOL MENTORS VISIT WAUSHARA SCHOOL

Kaukauna—Students at the Outagamie Rural Normal school had a day of vacation on Tuesday while members of the faculty visited the Waushara county rural normal school at Waushara. A comparison was made between the Waushara school and the local plant. Those who made the trip were Principal W. P. Hagman, Miss Margaret Phillips, Miss Laura Holly and Miss Luella Bronson.

### Plan Celebration to Fete Mr. and Mrs. Charles Bishop of Rose Lawn

Rose Lawn—On Saturday night, Oct. 28, there will be a party and dance held at North Seymour hall in honor of Mr. and Mrs. Charles Bishop's silver wedding anniversary. Members of the Sewing Circle club of Elmdale and their friends attended a program and meeting held at the high school auditorium at Shawano Tuesday.

## BURN MARSHLAND AREA NEAR FOREST JUNCTION

Forest Junction—Billows of smoke ascending sluggishly from the southern horizon on Monday afternoon indicated continued attempts at burning over the vast acreages of marsh land adjacent to the north branch of the Manitowoc river some distance south of the village. The fires are annual events at this season of the year and are started sometimes accidentally by hunters, and sometimes intentionally by the owners to clear the tracts of marsh land which they have been unable to properly harvest.

# STEWART-WARNER Matched Unit Radio

Do You Know the REAL Charm of Radio?

MUCH of the charm of a beautiful painting would be lost—were you to look at it through smoked glasses. So it is with radio. Much of the beauty of soft, strong music, stimulating drama, orchestra or singing voices is lost, when you listen through ordinary radio equipment. Stewart-Warner offers you the most out of radio, because the Matched Unit principle—the exclusive Stewart-Warner feature—brings to you the radio program in all of its original, natural charm. Every day, every night in the year, famous orchestras, inspiring speakers, comedians, singers and other stars are on the air. It's the most varied and interesting form of entertainment you can buy. You'll come to know the real charm of radio entertainment when you listen with Stewart-Warner Matched Units. This pleasure is waiting you now—at our show rooms.

## The Ad Catalog

Everybody has a weakness for some sort of a catalog-at some time or other.

In the Spring there's a great rush for seed, poultry and those catalogs that feature solitary diamond rings.

Other people have other rancies-and automobile clothing, paint and sporting goods catalogs claim their followers all the time.

But the best catalog of all is the Post-Crescent A-B-C Classified page-it's built on an all year, all-comers basis that satisfies everybody.

It covers the wants and needs of the whole family from dad's touring car to Tommy's new pup!

Read this changing catalog every day-and when you want to use an ad in it, call 543 and ask for an ad taker!

# CASTLE OF CHILLON

## WILL BE RESTORED

American Visitors Contribute to Fund for Historical Monument

Montreux, Switzerland—(AP)—American visitors are joining in contributing to the fund for the repair and restoration of the Castle of Chillon, one of the most famous as well as the most beautiful of Europe's historical monuments.

The castle embodies a struggle of liberty and tyranny. Byron perpetuated it in his poem "The Prisoner of Chillon."

Located on a small rocky island near the Swiss shore of Lake Lemann, the castle was the scene of revolting duels. Among the unfortunate who suffered calvary were the Jew of Silence, who were accused in 1348 of having poisoned the water of the lake and of having thus introduced the Black Death.

Jews, men, women and children, were burned alive in the fortifications, as well as some Christians, who were accused of complicity. Towards the end of the 16th and 17th centuries a large number of so-called sorcerers were incarcerated, tortured and finally put to death.

Tombs unearthed near the entrance of the castle are said to show that beings dwelt at Chillon in the bronze age, between the 13th and 16th centuries B. C. But the oldest authentic historical document bears the date of 1005 A. D. and indicates that the castle belonged at that time to the Bishop of Sion. Even today the castle passed into the possession of the House of Savoy, whose Duke, Charles the Third, was the persecutor of Platon Bonvard, whose imprisonment inspired Byron's poem.

Byron visited Chillon in 1816 and put his name in the stone pillar to which Bonvard had so long been manacled. Dickens and other notables also have visited the name in the stone of the dungeon and to-day the castle is visited by thousands of Americans.

## SAYS FLIERS DEMAND TOO MUCH OF MOTORS

New York—(AP)—Long distance airplane flights fall because the fliers demand of their motors a performance much more rigorous and perfect than that expected of engines in any other field of transportation.

Frank A. Tichenor, publisher of The Aero Digest and an experienced aviator, believes:

"The captain of a liner would be regarded insane," says Tichenor, "if he decided to cross the ocean with a steam turbine running at full capacity. Good locomotives have been

# How To Play Bridge

By Milton C. Work

This week we are considering ten situations in which many players would be in doubt as to whether a double should be interpreted as business or informally. To day we will consider Nos. 5 and 6.

No. 5. South one Heart, West double, North two Clubs, East pass, South two Diamonds, West double.

No. 6. South one Heart, West double, North pass, East pass, South one No Trump, West double.

No. 7. In this case West's final double would be informative if a strict interpretation were given to the general rule. He has not previously doubled a suit, and his partner has not bid or doubled. But East has shown strength even more unmistakably than he could have shown it by a bid or double; he has passed his partner's informally double of a suit-bid. He has made a Business Pass.

That South appreciated the significance of East's Business Pass is shown by his shift from Hearts to No Trump. He could have played with a contract of one Heart doubled, and his evident fear of doing so makes it probable that he started with a four-card Heart bid. South's first double (informally), presumably show 4 Spades, Diamonds and Clubs; East's Business Pass has shown long Hearts and some strength. West's second double is made with the idea of pursuing the No Trump severely.

The two doubling situations which will be considered tomorrow, are:

No. 7. South two No Trumps, West double.

No. 8. South one Heart West double, North one Spade, East double, South two Hearts, West double.

# ARMY "SLUM" OLD DISH OF ILLINOIS INDIANS

Springfield, Ill.—(AP)—Stew, the old army "slum," did not originate with the white man but was a common dish of Illinois Indians.

Georgia Osborne, historian at the State Historical Library here, says she found the Indian recipe for "slum" in an old history book.

Mess sergeants who from time immemorial have been accused of throwing most anything into the stew kettle didn't have anything on the Indians.

"In preparing the meal," recounts the history, "the squaw often would throw fish, roots, meat and anything else at hand and edible into the pot, boil the mixture and put it out for her family to eat."

Another Indian delicacy, the history said, was fowls boiled with only the larger feathers removed.

# EXPECT 300 AT OPENING OF D. A. R. CONVENTION

Green Bay—(AP)—A business meeting of the state chaumans Thursday morning opened the first session of the annual conference of the Wisconsin Chapter of the Daughters of the American Revolution. The day is given over to legislation and a chapter report meeting. Thursday afternoon, the official thirty-first annual conference being called to order by the state regent, Mrs. R. H. Hess of Madison, at 9 o'clock Friday morning. Mrs. Hess believed that about 300 would be present at the opening of the official conference Friday morning.

## NARROW LIMITS ON NEW YORK MARKET

Steel Shares Sag on Report of Lower Earnings; Trade Lag Hits Other Issues

New York—(AP)—Price changes were narrow and irregular at the opening of the stock market Thursday.

Houston O. and Dupont sustained the day with a 2 point recession, while Loane Wiles Biscuit opened a point higher. U. S. Steel was fractionally lower.

Sagging of steel shares in further reflection of lower earnings by U. S. Steel and the delay in the fall revision of the trade caused prices in many sections to sink in the first half hour.

Issues were generally under pressure. General Motors quickly sliding down from its peak a few weeks ago. Pivotal issues were quiet in the early trading. Foreign exchange was easy at the outset, Spanish pesetas sinking.

Domestic sterling held steady close to 48 1/2 pence and French francs just below 22 1/2 centimes.

Apart from some successful pool owners in specialties in which the floating supply is quite restricted, prices sold down in the morning. The rate for call loans was continued at 5 1/2 per cent.
